In reply to your letter of me under date of December 2nd. last indicating an error in making out my License and Completion of Works under above permit, I am herewith enclosing said License and Completion of Works for your inspection, correction and return.

It appears that the error in describing the property (Range 14 instead of Range 15 as it should be) has been made on the License but not on Completion of Works Certificate. However, I am returning both to you to insure their being correct when returned to me.
