RE: Permit No. G24568 and G-24569

Minidoka County News
Rupert
Idaho

Gentlemen:

We have checked the notices on the above numbered Permits of the Amalgamated Sugar Company appearing in your issue of October 6 and find an error in the notice on Permit No. G-24568 as follows:

One line has been omitted in the paragraph numbered "2" between the third and fourth lines as printed should be inserted "amount of water which said".

In other words, the first few lines should read as, "Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying"-- etc.

Please make this correction in your next issue.

Very truly yours,
