BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO

IN THE MATTER OF TRANSFER NO.) 66087 IN THE NAME OF YOUNG &) YOUNG PARTNERSHIP) _____)	PRELIMINARY ORDER CORRECTING TRANSFER APPROVAL
---	---

This matter having come before the Department of Water Resources (Department) as a result of an application for transfer of water rights, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On May 14, 2002, the Department approved Application for Transfer No. 66087 (transfer) changing the place of use under Water Right No. 36-2058B and 59 other water rights diverted from the same points of diversion and used for irrigation of the same lands.
2. Water Right No. 36-2058B as described on pages 8, 9 and 10 of the transfer approval listed 40 points of diversion authorized under the water right. Department review revealed that the transfer approval erroneously listed several points of diversion due to a clerical error. The transfer approval referenced the same list of authorized points of diversion described under Water Right No. 36-2058B for all other rights involved in the transfer.

CONCLUSIONS OF LAW

1. The transfer approval should accurately describe each established water right as changed by the transfer pursuant to Section 42-222, *Idaho Code*.
2. The Department should correct the transfer approval to show the correct points of diversion authorized under Water Right No. 36-2058B and, by reference, all the other water rights involved in the transfer.

ORDER

IT IS HEREBY ORDERED that the authorized points of diversion listed on pages 8 and 9 of the transfer approval for Water Right No. 36-2058B are **CORRECTED** as shown on the amended pages 8 and 9 attached to this order. The correction to Water Right No.

36-2058B will effectively correct the authorized points of diversion for all other rights involved in the transfer.

Dated this 9th day of May, 2003.
