Dear Mr. Hanks:

It has been brought to our attention that on or about April 7, 1955, you had a well drilled. The well is reported to be located at a point in the SE 1/4 ~~XXXXXX~~ sec. 20, T. 7 S, R. 25 E, B.M. for irrigation use.

A search of our records has failed to find your application or approved permit. Under existing Idaho Statutes, Sections 42-226, 42-229, and 42-230 of the Idaho Code, you are required to file and obtain an approved permit before you divert waters from a subterranean source, with the exception of domestic wells which are defined under Section 42-111 of the Idaho Code.

If we have overlooked your permit, please advise the department as to your permit number. However, if you have not yet filled out an application for permit, please use the instructions and the blank application form which we have enclosed.

We will be very happy to assist you with any questions you might have.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Depth of well - 320 feet; 16 inch casing; 240 depth to water. Pump discharges approximately 150 inch stream, which is the approximate capacity of pump, and through experience irrigating for 40 years, I would estimate this as the amount discharged. An underground irrigation pipe system is used for distribution of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of diversified cultivated crops. Approximately 160 acres are irrigated. Land has been developed, leveled, and two homes, barnyards and farm buildings have been constructed.

NE $\frac{1}{4}$ and SE $\frac{1}{4}$ Sec. 20, Twp. 7 So. - 25 E.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 140 inches.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1958 is the four year water has been used for irrigation purposes on hay, grain, beets, potatoes, corn, on this farm.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24344

RECEIVED
JUN 5 1958
Department of Reclamation

Comes now A. L. Hanks and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-24344.

That the point of diversion is described in said permit as being located
SE cor. NE $\frac{1}{4}$ Sec. 20, T. 7 S. R. 25 E.

That he now requests that the point of diversion be changed to a point
located NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20, T. 7 S. R. 25 E.

That his reasons for desiring to make such change are as follows:

A later survey determined the changed location as being better than originally.

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Burley, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. 0-24344 are due not later than August 7, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
