APPLICATION FOR AMENDMENT

POINT OF DIVERSION
Permit No. G-24217

Comes now Mr. and Mrs. Fred R. Stewart and represents to the State Reclamation Engineer of the State of Idaho:

That they are the owners and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-24217.

That the points of diversion are described in said Permit as being located: center NE $\frac{1}{4}$ and center W $\frac{1}{2}$ SE $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 25, T8S, R18E B.M.

That they now request that the points of diversion be changed to a point located: SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 25, T8S, R18E B.M.
That the reason for desiring to make such change is as follows: one well more economical with sprinkler system.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 7th day of April, 1961.

Dear Mr. Stewart:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Northside News, all submitted in proof of completion of works and beneficial use on Permit No. C-24217.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Benefi-
cial Use, as set out under the terms of Permit No. G-24217 are due not later
than April 18, 1961.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,
