LEGAL NOTICES

NOTICE OF PROOF OF
COMPLETION OF WORKS
AND
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at
10:00 A. M., on the 16th day of

December, 1957, at Jerome, Co-
county of Jerome, State of Idaho, be-
fore Richard H. Seeley, No-
tary Public, proof will be sub-
mitted of the completion of
works for the diversion of 4.8
cubic feet per second of under-
ground water from a well, and
of the application to beneficial
use of said water, in accordance
with the terms and conditions
of Permit No. G-23413 heretofore
issued by the Department of Re-
clamation of the State of Idaho.

1. The name and postoffice ad-
dress of the persons holding said
permit are Herman E. Huettig
and Donald Johnson, Jerome,
Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use is 4.8 cubic
feet per second.

3. The use to which said water
has been applied is Irrigation
purposes, and the amount app-
plied to beneficial use is 4.8 cubic
feet per second.

4. The point of diversion of
said water is NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20,
Twp. 10 S., Rge. 20 E. B. M.

5. The place where said water
is used is N $\frac{1}{2}$ SW $\frac{1}{4}$ & SE $\frac{1}{4}$, Sec.
20, Twp. 10 S., Rge. 20, E.B.M.

6. The date of priority which
said user is prepared to establish
is December 15, 1952.

MARK R. KULP,
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-21186
Permit No. G- 23413
District No.

1101 Highview Land
Twin Falls, Idaho

1. Name of Applicant: VENICE H. LEOPOLD

Postoffice address: Twin Falls

County: Twin Falls

State: Idaho

Assigned to *[Signature]*

2. Quantity of water claimed:

(a) Rate of withdrawal in cubic feet per second. 4.8 or Idaho
Miners' inches 240 or gallons per minute.

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Subterranean water to be raised through a drilled well

4. Location of point of diversion or well is in the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 20
Twp. 10 S. , Rge. 20 E. , B.M., County of Jerome

5. Water is to be used for: Irrigation

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.

(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.

7. Kind of works: Drilled well, turbine type motor and casing, equipped with a sprinkling system for distrib.

8. Estimated cost of works: \$Well \$6,000, Pump and motor \$10,000, Sprinkling system \$16,000

9. (a) Is reservoir to be used? No

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is Five(5)
years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash on hand: \$

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: which is deeded and owned by applicant. The land is a deep lava ash soil, highly productive and very suitable for agriculture. It is expected to develop it and raise agricultural crops.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

VENICE H. LEOPOLD Applicant.

Mr. Richard H. Seeley
Attorney At Law
Jerome, Idaho

Dear Mr. Seeley:

In connection with Permit No. G-23413, we enclose the following:

Applications for Amendment, as approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 83 of Permits at Page 23413, amending the point of diversion as described on record to read as follows: "SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, Township 10 South, Range 20 East, B.M." and the list of land as described on record to read: "S $\frac{1}{2}$ of Section 20, Township 10 South, Range 20 East, B.M." These amendments should now be attached to the original permit to which they refer and of which they become a part.

Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right with priority of December 15, 1952, to the use of 2.9 second feet of subterranean water, with the point of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, for irrigation of 320 acres in the S $\frac{1}{2}$ of Section 20, Township 10 South, Range 20 East, B.M.

Departmental receipt #G-3530 for \$21.00, issued as receipt of the five dollar fee for the Certificate of Completion of Works and sixteen dollars for the license fee.

Re: Permit No. G-23413
Herman E. Huettig & Donald Johnson

Mr. Richard H. Seeley
Attorney At Law
Jerome, Idaho

Dear Mr. Seeley:

Our field engineer's report on his inspection of the completion of works and application of the water to beneficial use under the terms of Permit No. G-23413 shows the well located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, Township 10 South, Range 20 East, and that it is capable of conveying 145 miners' inches (2.9 c.f.s.) of water for irrigation of 320 acres in the S $\frac{1}{2}$ of Section 20. The record of the permit lists the point of diversion (well) in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20 and does not include the land located in the S $\frac{1}{2}$ SW $\frac{1}{4}$. Therefore, it is necessary that permit be amended to correspond with these changes. Enclosed are Applications for Amendment to point of diversion and to land list, for this purpose.

Upon receipt of the amendments, mentioned above, and the statutory fees, totaling \$21.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (sixteen dollars--fee based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of December 15, 1952, to the use of 2.9 second feet of subterranean water, with the point of diversion in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, for irrigation of 320 acres in the S $\frac{1}{2}$ Section 20, Township 10 South, Range 20 East, B.M.

$$Q = 132''$$

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty, and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. ⁴⁻23413

Mernan E. Huettig & Donald Johnson
% Richard H. Seeley
Jerome, Idaho

Messrs. Huettig & Donald Johnson:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the First Segregation News, all submitted in proof of completion of works and beneficial use on Permit No. G-23413.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

✓
Permit No. G 23413

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ✓ Herman E. Huettig; Hazelton, Idaho; farmer; ~~XXXXXXXXXXXX~~

c/o Richard H. Seeley, Jerome, Idaho;

✓ Donald Johnson; Hazelton, Idaho; farmer; c/o Richard H. Seeley,
Jerome, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G 23413; December 26, 1952; December 15, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water raised through drilled well;

✓ NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20, Twp. 10 S., Rge. 20 E., B. M., Jerome County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well, 200 h. p. motor and casing and sprinkling system for distribution. Well is about 580 feet deep; casing is 18"; depth of water 324 feet. Discharge of pump -- 2160 g.p.m., factor specifications.
256 nozzles on sprinkler system at 30 lbs. pressure.
3/16ths

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. S $\frac{1}{2}$ of Sec. 20, Twp. 10 S., Range 20 E., B. M.

320 acres, or entire subdivision, actually irrigated. Cultivated
lands. Entire tract has been put under cultivation as direct
result of use of water.

23413

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 4.8 cuft. per sec.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Assignment.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been diverted and used for entire farming seasons of 1953, 1954, 1955, 1956 and 1957, by use of well, pump & sprinkling system.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none.

Permit No. G 23413

Proof of Application of Water to Beneficial Use

Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joe C. Gibbs; over 21 years; Hazelton; farmer; Hazelton, Idaho.

Ques. 2. Are you acquainted with Herman E. Huettig & Donald Johnson, the holder of Permit No. G 23413? How long have you known him and where does he reside?

Ans. Yes; I have known them for about 10 years; and they both reside in Jerome County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G 23413, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water raised thru drilled well; place of diversion -- NW $\frac{1}{4}$ SE $\frac{1}{2}$, Sec. 20, Twp. 10 S., Rge. 20 E. B. M.; Well, casing, 200 h. p. mtr. and complete sprinkling system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4. 8

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 2160 G. P. M.
Number of lines times number of nozzles ^{per line} times Company specifications on nozzle output.

23413

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, on S $\frac{1}{2}$, Sec. 20, Twp. 10 S., R. 20 E., B. M.

All cultivated, 320 acres in all.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Entire land is under cultivation and producing crops.

I estimate that amount of water required for profitable cultivation at 4.8 cuft.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Generally, during all the time that water has been used, which I estimate at the last five years. Full application of water to entire 320 acres has been made.

(Signed)

Joe C. Gibbs

Proof of Application of Water to Beneficial Use

Deposition of Witness *and Completion of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter Will; over 21 years; Eden, Idaho; farmer; Eden, Idaho.

Ques. 2. Are you acquainted with Herman E. Huettig & Donald Johnson, the holder of Permit No. G 23413? How long have you known him and where does he reside?

Ans. Yes; I have known them for about 4 years; and they both reside in Jerome County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G 23413, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water raised through drilled well; diversion is in NW $\frac{1}{4}$ SE $\frac{1}{4}$, 20 - 10- 20; well, casing, 200 h.p. motor and complete sprinkling system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4.8

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 2100 G.p.m., determined by multiplying number of lines by number of nozzles per line and the result by company specifications on nozzle output.

23413

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is all used for irrigation; all is applied to 320 acres of S $\frac{1}{2}$, Sec. 20, Twp. 10 S., R. 20 E., B. M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Entire land is under cultivation and producing crops during season. I estimate that the amount of water required for profitable cultivation at 4.8 cuft.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Generally during last four years, during farming seasons. During all of that time, water has been conveyed or distributed to place of use by sprinkling system, thru well & system hereinbefore described. Full capacity of system has been used and entire tract has produced crops.

LEGAL NOTICES

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10:00 A.M. on the 16th day of

December, 1957, at Jerome,

County of Jerome, State of Idaho,
before Richard H. Seeley, No-
tary Public, proof will be sub-
mitted of the completion of
works for the diversion of 4.8
cubic feet per second of under-
ground water from a well, and
of the application to beneficial
use of said water, in accordance
with the terms and conditions
of Permit No. G-23413 heretofore
issued by the Department of Re-
clamation of the State of Idaho.

1. The name and postoffice ad-
dress of the persons holding said
Permit are Herman E. Huettig
and Donald Johnson, Jerome,
Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use is 4.8 cubic
feet per second.

3. The use to which said water
has been applied is Irrigation
purposes, and the amount ap-
plied to beneficial use is 4.8 cubic
feet per second.

4. The point of diversion of
said water is NW¼SE¼, Sec. 20,
Twp. 10 S., Rge. 20 E. B. M.

5. The place where said water
is used is N½SW¼ & SE¼, Sec.
20, Twp. 10 S., Rge. 20, E.B.M.

6. The date of priority which
said user is prepared to establish
is December 15, 1952.

MARK R. KULP,
State Reclamation Engineer.

Dear Mr. Seeley;

This will acknowledge receipt of the Notice of Proof of Completion of Works and Application of Water to Beneficial Use in connection with the above stated permit.

We notice in the publication notice that the persons holding said permit are Herman Huettig and Donald Johnson, of Jerome, Idaho.

Before license can be issued in their names, it will be necessary to have an assignment from the Greenacre Farms, Incorporated, (the name of the Holder of said permit), however, if Huettig and Johnson represent the Greenacre Farms, Incorporated, we should have an affidavit or statement of some kind to show on our records.

We are enclosing an assignment form for that purpose.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the First Segregation News of Hazelton, Idaho, published in the county in which the works are situated.

Jerome Co. ✓

Donald Johnson
Herman E. Huettig
By *Richard H. Seeley*
their attorney

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer

23413

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

RECEIVED
NOV 12 1957

Department of Reclamation

Notice is hereby given that at 10:00 A.M., on the 16th
day of December, 1957, at Jerome, County of
Jerome, State of Idaho, before Richard H. Seeley,
a notary public, proof will be submitted of the completion of
works for the diversion of 4.8 cubic feet per second of underground waters
from a well, and of the application to beneficial use of said water, in accordance
with the terms and conditions of Permit No. G-23413 heretofore issued by
the Department of Reclamation of the State of Idaho.

2. 1. The name and postoffice address of the person or corporation holding said
permit are Herman E. Huettig and Donald Johnson, Jerome, Idaho.

2. Said works of diversion will be fully completed on the date set for such
completion, and the amount of water which said works are capable of conveying to
the place of use is 4.8 cubic feet per second.

3. The use to which said water has been applied is irrigation
purposes, and the amount applied to beneficial use is
4.8 cubic feet per second.

4. The point of diversion of said water is well in the NW¹ of the
SE¹ of Section 20, Township 10 South, Range 20, E.B.M., Jerome
County, State of Idaho.

5. The place where said water is used is the N¹ of the SW¹ and the
SE¹ of Section 20, Township 10 South, Range 20, E.B.M., Jerome
County, State of Idaho.

6. The date of priority which said user is prepared to establish is

December 15th, 1952

Re: Permit G-23413

Dear Sir:

Enclosed herewith you will find assignment of Permit G-23413 from Greenacre Farms, Inc. to Herman E. Huettig and Donald Johnson who have purchased the property under ~~assignment~~ ^{agreement} of sale. Please record the same and there is enclosed our check for fifty cents which we understand is your fee.

Mr. Richard Seeley, attorney at Jerome, will mail to you the Notice of Proof of Completion of Works and Beneficial Use, together with authorization of publication of the same. He should do this in ample time to make proof before December 26th.

Very truly yours,

BENOIT & BENOIT

Re: Permits Nos. G-23413 and 23362
Venice H. Leopold

Mr. G. T. Newcomb
124 Blue Lakes South
Twin Falls, Idaho

Dear Mr. Newcomb:

We enclose two certified copies each of Permits Nos. G-23413 and 23362 in the name of Venice H. Leopold.

Departmental receipt No. G-2995 was issued covering payment in the amount of \$5.00 for the certified copies of the permits. This receipt was given to you while in our office.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G- 23413

Date October 1, 1957

Greenacre Farms, Inc.
Twin Falls, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-23413, are due not later than December 26, 1957.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date. This form, filled out in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water filed on, for what purpose it is used, the point or points of diversion and the location of use or the lands which are irrigated--all by legal land description.

Also enclosed is Form 11, which is the authorization for us to have the notice of proof published in the designated county newspaper, at your expense. This is to be returned with Forms 36.

At the time we send the notice to the newspaper, we will also send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
