INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APR 28 1958
Department of Reclamation

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M. on the 29th day of April, 1958, at 518 Front St., Boise, County of Ada, State of Idaho, before Anna Mastro, proof will be submitted of the application to beneficial use of 15.0 cubic feet per second of the waters of Bickel Spring Creek in accordance with the terms and conditions of Permit No. 22516 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the department holding said permit is the State of Idaho, Department of Fish and Game, 518 Front St., Boise.

The use to which said water has been applied is irrigation and propagation of fish and wildlife.

The amount applied to beneficial use is 15 c.f.s.

The place where said water is used T. 8 S., R. 14 E., B.M., Sec. 6, W $\frac{1}{2}$ -NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$; T. 8 S., R. 13 E., B.M., Sec. 1, NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Bedal-Bickel Canal.

The right to take water from such works is based upon Permit No. 22516.

The source of supply from which such water is diverted is Bickel Spring Creek, in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 6, Twp. 8 S., Rge. 14 E.

The date of priority which said user is prepared to establish is April 23, 1956.

Mark R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

NOTICE FOR PUBLICATION

Notice is hereby given that at 10 a.m., on the 23rd day of March, 1953, at 518 Front St., Boise, County of Ada, State of Idaho, before Anne Mastro, Notary Public, proof will be submitted of the completion of works for the diversion of 15 cubic feet per second of the waters of Bickel Spring Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is State of Idaho, Department of Fish and Game.

2. The postoffice address of such person or principal place of business of such corporation is 518 Front St., Boise, County of Ada, State of Idaho.

3. The number of such permit is 22516, and the date set for the completion of such work is December 18, 1953.

4. Said water is to be used for irrigation, and propagation of fish and wildlife purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 15 cubic feet per second.

6. The amount of lands for which said water is available is 100 acres, particularly described as follows: T. 8 S., R. 14 E., Sec. 6, NW $\frac{1}{4}$ NW $\frac{1}{4}$, 5 acres, SW $\frac{1}{4}$ NW $\frac{1}{4}$, 20 acres, NW $\frac{1}{4}$ SW $\frac{1}{4}$, 10 acres. T. 8 S., R. 13 E., Sec. 1, NE $\frac{1}{4}$, 60 acres, NE $\frac{1}{4}$ SE $\frac{1}{4}$, 5 acres.

Amount 15 c.f.s.

Water District No.

Priority April 22, 1956

THIS IS TO CERTIFY that STATE OF IDAHO DEPARTMENT OF FISH AND GAME
of Boise, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated December 11, 1951; that Permit No. 22516
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
15 second feet, was issued thereunder on May 26, 1953, showing that said works
were completed on the 23rd day of March, 1953; and that on the 29th
day of April, 1958, STATE OF IDAHO DEPT. FISH & GAME
By: Ross Leonard, Director

of Boise, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Bickel Spring
Creek, a tributary of Snake River, for the purpose of Irrigation & Fish Propa-
gation, under Use Permit No. 22516 of the Department of Reclamation
and that said right to the use of said waters, has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6556, on the 4th day of December, 1958;
The right hereby confirmed dates from April 22, 1956;

The Point of Diversion is located

in the NW 1/4 SE 1/4, Sec. 6, Tp. 8 S., R. 14 E., B. M. County Gooding

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 15 cubic feet per second. 1.5 c.f.s. Irrigation
13.5 c.f.s. Fish Propagation

Description and location of use:

APPLICATION FOR PERMIT 36-2158

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 30259
PERMIT No. 22516
DISTRICT No.

1. Name of Applicant: STATE OF IDAHO, DEPARTMENT OF FISH AND GAME

Postoffice address: 518 Front St., Boise

County: Ada

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: Fifteen (15)

cubic feet per second.

3. Source of water supply: Bickel Spring Creek

which is a tributary of Snake River

4. Location of point of diversion: East 3520

feet distant from the West 1/4

corner of Section 6, T. 8 S., R. 14 E., B.M., and is in the NW 1/4 SE 1/4

of Section 6, T. 8 S., R. 14 E., B.M., County of Gooding

5. Water is to be used for Irrigation and the propagation of fish and wild life

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the

of Section, T., R., B.M.

7. Estimated cost of works: \$ 3,500.00

8. Kind of works: Canal, series of small ponds, concrete controls, small ditches.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: See the decree in case of
NEW INTERNATIONAL MORTGAGE BANK vs. IDAHO POWER CO., March 12, 1932 (File 512)

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

STATE OF IDAHO
DEPARTMENT OF FISH & GAME *Applicant.*

By

R. J. Hofmann
Engineer

Agent.

Date of first receipt at Department of Reclamation: 4:00 P. M. December 11, 1951

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 22516

Recorded in Book 80 Page 22516 Approved December 18, 1951

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before February 18, 1952

and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 18, 1952

The whole of said work to be completed on or before December 18, 1953

Beneficial use of water appropriated in accordance herewith, to be made on or before December 18, 1953

WITNESS My hand this 18th day of December, 1951

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, LEN JORDAN

, Governor of the State of Idaho,

and IRA H. MASTERS

, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 18th

day of December, 1951.

STATE OF IDAHO

Countersigned:

By LEN JORDAN

Governor.

(SEAL)

By IRA H. MASTERS

Secretary of State.

REMARKS: The major portion of the water will be used to keep the water fresh in the small ponds for fish and wild life.
The ditches used for irrigation are built and have been used for years.
The new pond system will bring some additional land under irrigation.

This proof is for Completion of works In Water District No. _____1. Name of applicant State Fish & Game Department, Boise, Idaho2. Source of water supply: Bickel Spring Creek3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 6T. 8 S. R. 14 E. County of Gooding

4. Describe works as they exist, giving dimensions and capacities of same. This water originally passed thru a U.S. Hatchery rearing pond then down a gully to the Snake R. Now the water is all diverted to the North West thru a large ditch onto land of the State Hatchery where it is used to irrigate a hayfield and the balance of it is used to fill five fish ponds and irrigate some rough pasture land.

Water was checked thru a concrete box. It flowed 10 foot in three seconds surface flow, was 7 $\frac{1}{2}$ ' wide x 1' deep.

5. Water is used for: Irrigation, and propagation of fish and wild life6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

W $\frac{1}{2}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 6, Twp. 8 S., Range 14 E., B.M.

NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 1, Twp. 8 S., Range 13 E., B.M.

Will check airplane map for correct location.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake RiverRemarks: This water is used all on the South and East side of Riley Creek.This examination was made on the 4th day of May, 1953

(Signed) E. M. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permits No. 22516 and 22517
State of Idaho, Dept. Fish & Game

Mr. Ross Leonard, Director
Idaho Department of Fish and Game
518 Front Street
Boise, Idaho

Dear Mr. Leonard:

This acknowledges receipt of the separate depositions of Holder and two Witnesses, and the affidavits of publication in The Gooding Leader in proof of beneficial use under Permits No. 22516 and 22517.

Before a permit can be licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when these will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to have someone accompany him.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 22516

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ross Leonard, Boise, Director of the Idaho Fish and Game Department,
518 Front St., Boise

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for and in behalf of the State of Idaho, Department of Fish and Game

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22516, priority date December 12-18-51, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Bickel Spring Creek, East 3520 feet from the west quarter corner of Section 6
and is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, T. 8 S., R. 14 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A headgate diverting from a pond into a canal. Known as the Bedal-Bickel
Canal and will convey 17 c.f.s. of water. Control structures, laterals and dikes
are used for control and diversion of waters

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is being used for irrigation and for propagation of fish and wildlife.
T. 8 S., R. 14 E.B.M., Sec. 6, NW $\frac{1}{4}$ NW $\frac{1}{4}$ (5 acres), SW $\frac{1}{4}$ NW $\frac{1}{4}$ (20 acres), NW $\frac{1}{4}$ SW $\frac{1}{4}$ (15 acres)
T. 8 S., R. 13 E.B.M., Sec. 1, NE $\frac{1}{4}$ NE $\frac{1}{4}$ (20 acres), NW $\frac{1}{4}$ NE $\frac{1}{4}$ (5 acres), SW $\frac{1}{4}$ NE $\frac{1}{4}$ (5 acres)
SE $\frac{1}{4}$ NE $\frac{1}{4}$ (30 acres), NE $\frac{1}{4}$ SE $\frac{1}{4}$ (5 acres). Water is used for ponds on approximately 18
acres of the above lands, remainder is cultivated agricultural lands. Approximately
three-eighths mile of dike has been constructed for control and diversion of waters.
Control structures and canal laterals have also been constructed.

22516

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Approximately 18 acres of ponds are maintained by flow of water of this permit. Ponds are used to rear fish for public fishing. Waterfowl also benefit.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 15 c.f.s.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By being Director of the Idaho Department of Fish and Game.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In 1952 water in the amount of 17 c.f.s. was diverted on to the lands and into the ponds by means of the constructed canal laterals and diversion works and controlled by dikes.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water in the amount of 2 c.f.s. have been used on the lands for irrigation, Decree No. 1602, Kate and James Bedal, which decree is now owned by the State of Idaho, Department of Fish and Game.

RECEIVED
MAY 11 1958
Department of Reclamation

Permit No. 22516

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T. D. Biladeau, of legal age, Boise, Employee of the Idaho Department of Fish and Game, 2802 W. Bannock Street, Boise, Idaho

Ques. 2. Are you acquainted with Ross Leonard as Director of the Dept. of Fish and Game the holder of Permit No. 22516? How long have you known him and where does he reside?

Ans. Approximately 10 years. He resides at Boise, Idaho

Ques. 3. Have you read or heard read said Permit No. 22516, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Bickel Spring Creek; East 3520 feet from the west quarter corner of Sec. 6, and is in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 6, T. 8 S., R. 14 E.B.M. Water is conveyed to place of use by canals, laterals and ponds.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 17 c.f.s. and I have observed 17 c.f.s. being conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Water is being used for irrigation and for propagation of fish and wildlife. T. 8 S., R. 14 E.B.M., Sec. 6, NW $\frac{1}{4}$ NW $\frac{1}{4}$ (5 acres), SW $\frac{1}{4}$ NW $\frac{1}{4}$ (20 acres), NW $\frac{1}{4}$ SW $\frac{1}{4}$ (15 acres); T. 8 S., R. 13 E.B.M., Sec. 1, NE $\frac{1}{4}$ NE $\frac{1}{4}$ (20 acres), NW $\frac{1}{4}$ NE $\frac{1}{4}$ (5 acres), SW $\frac{1}{4}$ NE $\frac{1}{4}$ (5 acres), SE $\frac{1}{4}$ NE $\frac{1}{4}$ (30 acres), NE $\frac{1}{4}$ SE $\frac{1}{4}$ (5 acres). Water is used for ponds on approximately 18 acres of the above lands, remainder is cultivated agricultural lands. Approximately 3/8th mile of dike has been constructed for control and diversion of waters. Control structures and canal laterals have also been constructed.

22516

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Approximately 18 acres of ponds are maintained by flow of water of this permit. Ponds are used to rear fish for public fishing, waterfowl also benefit.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Sandy - sandy clay loam is type of soil and five inches per acre appears to be needed for profitable cultivation and remainder is needed to provide fresh water within the ponds.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy - sandy clay loam is type of soil and five inches per acre appears to be needed for profitable cultivation and remainder is needed to provide fresh water within the ponds.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1952 water was observed being conveyed and used in the amount of 17 c.f.s.

(Signed)

W. D. Laddan

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 29th day of April, A. AFFIDAVIT OF PUBLICATION

RECEIVED
APR 28 1958
Department of Reclamation

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M. on the 29th day of April, 1958, at 518 Front St., Boise, County of Ada, State of Idaho, before Anna Mastro, proof will be submitted of the application to beneficial use of 15.0 cubic feet per second of the waters of Bickel Spring Creek in accordance with the terms and conditions of Permit No. 22516 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the department holding said permit is the State of Idaho, Department of Fish and Game, 518 Front St., Boise.

The use to which said water has been applied is irrigation and propagation of fish and wildlife.

The amount applied to beneficial use is 15 c.f.s.

The place where said water is used T. 8 S., R. 14 E., B.M., Sec. 6, W $\frac{1}{2}$ -NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$; T. 8 S., R. 13 E., B.M., Sec. 1, NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Bedal-Bickel Canal.

The right to take water from such works is based upon Permit No. 22516.

The source of supply from which such water is diverted is Bickel Spring Creek, in NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 6, Twp. 8 S., Rge. 14 E.

The date of priority which said user is prepared to establish is April 23, 1956.

Mark R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

RECEIVED
APR 23 1958
U.S. DEPARTMENT OF RECLAMATION

Notice is hereby given that at 10:00 A. M. on the 29th day of April, 1958,
at 518 Front St., Boise, County of Ada, State of Idaho, before
Anna Mastro, proof will be submitted of the
application to beneficial use of 15.0 cubic feet per second of the waters of Bickel Spring
Creek in NW 1/4 Sec. 6, T. 8 S., R. 14 E., B.M.
in accordance with the terms and conditions of Permit No. 22516
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the ~~person~~ ^{department} holding said permit ~~is~~ ^{is the}
State of Idaho, Department of Fish and Game, 518 Front St., Boise

The use to which said water has been applied is irrigation and propagation of fish and wildlife

The amount applied to beneficial use is 15 c.f.s.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
T. 8 S., R. 14 E., B.M., Sec. 6, NW 1/4, NW 1/4 SW 1/4;
T. 8 S., R. 13 E., B.M., Sec. 1, NE 1/4, NE 1/4 SE 1/4

The name of the canal or ditch or other works by which said water is conducted to such place of use is
Bedal-Bickel Canal - NW 1/4 NW 1/4 Sec. 6, T. 8 S., R. 14 E., B.M.

The right to take water from such works is based upon Permit No. 22516

The source of supply from which such water is diverted is Bickel Spring Creek, in NW 1/4 Sec. 6,
Twp. 8 S., Rge. 14 E.

The date of priority which said user is prepared to establish is Dec. 18, 1954 April 23, 1958

RE: Permit No. 22516

Idaho Fish and Game Department
BUILDING

ATT: Mr. T. D. Biladeau

Dear Mr. Biladeau:

We acknowledge receipt of your letter of March 23, 1953, enclosing depositions of the holder and two witnesses, also affidavit of publication in the Gooding Leader, all in proof of completion of works on Permit No. 22516.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact a representative of your department at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

22516

PERMIT NO. 22516

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. T. B. Murray, Director of the Idaho Fish and Game Department
Boise, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. State of Idaho, for use and benefit of the Idaho Fish and Game Department, Boise, Idaho

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. 22516, December 18, 1951, Fifteen (15) second feet, Bickle Spring Creek,
NW 1/4 Sec. 6 T. 8 S., R. 14 E. B.M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation and the propagation of fish and wildlife. (15 acres of ponds)
35 acres, sec. 6, T. 8 S., R. 14 E.
65 acres, sec. 1, T. 8 S., R. 13 E.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Water has been turned into diversion works to its full extent and has so been in beneficial use since April 1952 (Portions have been in beneficial use since 1947)

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Works are fully completed and comply with terms of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. none

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same. One concrete dam at the spring, enlargement of 2500' of existing canal to 8' bottom, 3000' new feeder canal 3' bottom, two concrete diversion and

Ans. bypass structures, 900' new feeder canal 8' bottom, 5 concrete water control structure 6' wide, removeable control boards, a series of earth fill dams creating 4 ponds with surface water area comprising 15 acres, concrete pipe turnouts as needed. The above works can easily handle 15 cubic feet of water per second.

June 1, 1954

22516

Permit No. 22516**Proof of Completion of Works****DEPOSITION OF WITNESS**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert J. Hofmann, Engineer903 Marville, Boise, Idaho

Ques. 2. Are you acquainted with T. B. Murray (Idaho Fish & Game Dept.), the holder of Permit No. 22516, authorizing the diversion of 15 second-feet of the waters of Bickel Spring Creek, at Hagerman Refuge for irrigation and wildlife purposes? How long have you known him, and where does he reside?

Ans. two years. 3704 Kootenai Avenue, Boise, Idaho

Ques. 3. Have you read or heard read said Permit No. 22516, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. Approximately 60 acres of good agricultural lands and approximately 40 acres of second class agricultural lands, approximately 2.0 cu. ft. per sec. of waters for irrigation are needed and 1 cu. ft. per sec. for game bird rearing pens.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity. One concrete dam at the spring, enlargement of 2500' of existing canal to 8' bottom, 3000' new feeder canal 3' bottom, two concrete diversion and bypass

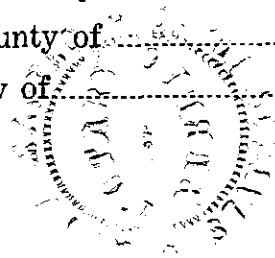

Ans. structures, 900' new feeder canal 8' bottom, 5 concrete water control structure 6' wide, removeable control boards, a series of earth fill dams creating 4 ponds with surface water area comprising 15 acres, concrete pipe turnouts as needed. The above works can easily handle 15 cubic feet of water per second.

AFFIDAVIT OF PUBLICATION

NOTICE FOR PUBLICATION

Notice is hereby given that at 10 a.m., on the 23rd day of March, 1953, at 518 Front St., Boise, County of Ada, State of Idaho, before Anne Mastro, Notary Public, proof will be submitted of the completion of works for the diversion of 15 cubic feet per second of the waters of Bickel Spring Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is State of Idaho, Department of Fish and Game.

2. The postoffice address of such person or principal place of business of such corporation is 518 Front St., Boise, County of Ada, State of Idaho.

3. The number of such permit is 22516, and the date set for the completion of such work is December 18, 1953.

4. Said water is to be used for irrigation, and propagation of fish and wildlife purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 15 cubic feet per second.

6. The amount of lands for which said water is available is 100 acres, particularly described as follows: T. 8 S., R. 14 E., Sec. 6, NW 1/4 NW 1/4, 5 acres, SW 1/4 NW 1/4, 20 acres, NW 1/4 SW 1/4, 10 acres, T. 8 S., R. 13 E., Sec. 1, NE 1/4, 60 acres, NE 1/4 SE 1/4, .5 acres.
