Re: Permit No. 20708 - L. P. Okelberry
Permit No. G-30491 - L. P. & John Okelberry

Mr. L. P. Okelberry,
Rt. #3, Falls Ave. West,
Twin Falls, Idaho.

Dear Mr. Okelberry:

Referring to our telephone conversation of July 12; we can issue the Certificate and License of water right for 4.13 cubic feet per second from two wells, one in SE $\frac{1}{4}$ NE $\frac{1}{4}$ and one in SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to irrigate 315 acres in S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 17; N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 20, T.10 S., R. 20 E., under Permit No. 20708, with priority of October 18, 1948, upon receipt of the \$16.00 statutory fee. The report of the examiner shows you also have a well in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, which produced 3.13 cubic feet per second.

Your Permit No. 30491 claims 4.8 c.f.s. from a well in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, T.10 S., R. 20 E., to irrigate S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 17; NW $\frac{1}{4}$, Sec. 20. If you wish to use the well, noted above, in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to irrigate this land, you must amend the point of diversion changing from the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, to NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, T.10 S., R. 20 E. A form for that purpose is enclosed. There is a fee of \$1.00 for recording any amendment to a permit.

If you intend to drill a new well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, you can file a new application for the well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, to cover the desired land, however, the total amount of water appurtenant to the land cannot exceed one miner's inch per acre.

I hope this explains your two permits and according to your wish. Kindly disregard the fees mentioned in my letter of July 2nd as the fee of \$5.00 for the Certificate of Completion of Works was added. The permits issued since passage of the Ground Water Statutes provide that both proofs are made at the same time and the fees are also collected together.

Very truly yours,

RE: Permit No. 20708

L. P. Okelberry
Murtaugh, Idaho

Dear Mr. Okelberry:

Your proof of completion of works, signed March 9, 1955, shows that you had drilled two wells, one in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and one in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17. The water license cannot include any works which were not included in your proof of completion of works so the well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17 ca not be included.

The field examiner's report shows that the wells in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17 produce 4.13 c.f.s. or 206.5 miners inches which, with the well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, irrigate 555 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 17; N $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 20, T. 10 S., R. 20 E., B.M.

You can amend the land list to include all of the land now irrigated under this permit. The certificates of water right would be issued for 4.13 c.f.s. from your wells No. 1 and No. 3 for a fee of \$34.00.

You can file application for permit to divert water from well No. 2 in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17 to irrigate all the land.

You can leave this permit as it is and the certificates would be issued for a fee of \$21.00, in which case you would have to pay an extra \$12.00 under the new permit; that is \$17.00 for the certificates of water right instead of \$5.00. The fee for the new permit would be the same in either case. Also the amount of water appurtenant to each area would be about equal.

The new application would show irrigation of all the land in the first case, and only the land in the S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 17; NW $\frac{1}{4}$, Sec. 20 in the last case. The well was measured as producing 3.13 c.f.s. or 156.5 miners inches for which the fee for application is \$5.50.

Enclosed are form for amendment and form for application for permit.

Dear Mr. Okelberry:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the First Segregation News, all submitted in proof of ~~completion of work~~ beneficial use on Permit No. 20708.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Pyne:

We ask that you make a correction in Paragraph Four, Line 2, changing the 6.4 cubic feet to 4.8 cubic feet, as shown in our notice.

Since it is very often the case that the quantity of water as indicated in various places in the notices for publication are not always the same, we will ask you to use the figures as submitted to you, with the authority of publication. The 6.4 cubic feet as shown in paragraph one is correct, since it represents the original amount applied for, but the figure under "The amount applied to beneficial use" is the holder's statement of fact which we cannot alter in the publication.

Dear Mr. Okelberry:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 20708. The proofs are to be made at 10:00 o'clock A.M., on the 10th day of April, 1961, ~~1958~~ before Herbert Thorn, Murtaugh, Idaho, Notary Public.

As of this date we have mailed the Notice to the First Segregation News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

STATE OF IDAHO
DEPARTMENT OF RECLAMATIONRE: Permit No. 20708Date Feb. 1, 1961L. P. Okelberry
Murtaugh, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 20708 is due not later than April 20, 1961. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a Notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Murtaugh, Idaho

Dear Mrs. Okelberry:

Proof of Completion of Works on Permit 20708 was made March 9, 1955, and the Certificate of Completion of Works was mailed to March 22, 1955.

To obtain the License and Certificate of Water Right, notice must be advertised in four weekly issues of a paper published in the county where the land is located. The notice specifies the hour and date at which time the applicant and two witnesses make depositions to a notary public that the water has been used beneficially. An examining engineer from this office inspects the installations and land irrigated before the license is issued.

Your proof of beneficial use is not due until April 20, 1961, however, you may request the forms and prove beneficial use at any time before that date.

RE: Permit No. 20708

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. L. P. Okolberry
Murtaugh
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 20708 you are required to complete your diversion works on or before April 20, 1955. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

RE: Permit No. 20708

Mr. L. P. Okelberry
Murtaugh
Idaho

Dear Mr. Okelberry:

We enclose Approval of the State Reclamation Engineer of your
application for Extension of Time for Completion of Works on Permit No.
20708 to April 20, 1955.

This should be attached to the original permit of which it now
forms a part.

Very truly yours,

Honorable Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

My permit No. 20708 was filed in connection with a Desert Land Entry filed in the Bureau of Land Management.

Under the terms of my permit, work was supposed to be completed on or before October 29, 1953.

However, I was not allowed to enter the land to commence work until April 20, 1950.

I, therefore, request an Extension of Time for Completion of Work for the length of time I was delayed on account of the pendency of my Desert Land Entry.

WHEREAS, Permit No. 20708, issued to L. P. Okelberry of Murtaugh, Idaho, required proof of completion of works on or before October 29, 1953; and

WHEREAS, This permit was issued in connection with a desert land entry filed in the Bureau of Land Management and permit holder was not allowed to enter the land until approval of his desert land entry; and

WHEREAS, Said desert land entry was not allowed until April 20, 1950.

NOW, THEREFORE, An extension of time is allowed for completion of works on said Permit No. 20708 for the length of time permit holder was prevented from proceeding, pending allowance of his desert land entry, or until April 20, 1955, and a similar extension is allowed for all other acts required to be done under the terms and conditions of Permit No. 20708.

Signed at Boise, Idaho, this 2nd day of September, 1953.
