

State of Idaho
License and Certificate of Water Right

Water License No. 20534

Amount 5.2 second feet

Water District No. _____

Priority July 9, 1948

THIS IS TO CERTIFY that Russel S. Wilson
of Rupert, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 9, 19 48; that Permit No. 20534
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
5.2 second feet, was issued thereunder on March 27, 19 56, showing that said works
were completed on the 17th day of August, 19 53; and that on the 17th
day of August, 19 53,

ESTATE OF RUSSEL S. WILSON

of Rupert, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
tributary of (subterranean flow), for the purpose of irrigation use
under Use Permit No. 20534 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5675, on the 27th day of March, 19 56;
The right hereby confirmed dates from July 9, 19 48;

The Point of Diversion is located
in the SW 1/4 SE 1/4, Sec. 16, Tp. 8 S., R. 24 E., B. M. Minidoka County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 5.2 cubic feet per second.

Description and location of use:

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 17th day of Aug-
ust, 1953, at Rupert, County of
Minidoka, State of Idaho, before
Floyd J. Fruit, Notary Public,

proof will be submitted of the
completion of works for the diver-
sion of 6.40 cubic feet per second
of the waters of subterranean
source from a well in SE $\frac{1}{4}$ SE $\frac{1}{4}$
Section 16, Twp. 8S., Range 24
E. B.M. and of the application
to beneficial use of said water,
in accordance with the terms and
conditions of Permit No. 20534
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Estate
of Russel S. Wilson, Rupert, Ida-
ho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 6.40
cubic feet per second.

3. The use to which said water
has been applied is for irrigation
purposes, and the amount applied
to beneficial use is 6.40 cubic feet
per second.

4. The place where said water
is used is the East half (E $\frac{1}{2}$) of
Section Sixteen (16), Township
Eight (8) South, Range Twenty-
four (24) E. B.M., in Minidoka
County, Idaho.

5. The date of priority which
said user is prepared to establish
is July 9, 1948.

To Appropriate the Public Waters of the State of Idaho

36-2072

APPLICATION No. 28177
 PERMIT No. 20534
 DISTRICT No.

Lawrence H. Duffin
 Fisher Bldg., Rupert, Idaho

1. Name of Applicant: RUSSEL S. WILSON

Postoffice address: Filer

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand: \$3,000.00
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources: Personal property \$25,000.00 Real property \$3,000.00

2. Quantity of water claimed: 6.4 cubic feet per second.

3. Source of water supply: Subterranean (well) which is a tributary of

4. Location of point of diversion: 25 feet distant from the Southeast corner of Section 16, T9 S., R. 24 E., B.M., and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, T. 8 S., R. 24 E., B.M., County of Minidoka

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T., R., B.M., in the of Section, T., R., B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.

7. Estimated cost of works: \$ 20,000.00

8. Kind of works: Well or wells sufficient to furnish 6.4 second feet of water to area indicated on sketch.

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width Sprinklers feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Four (4) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

OLD NO. - 20534

March 28, 1956

RE: Permit No. 20534 - Russel S. Wilson, deceased

Mr. Leonard H. Jacob
P. O. Box 426
Twin Falls, Idaho

Dear Mr. Jacob:

This will acknowledge receipt of your letter of March 26, 1956, enclosing your check to the amount of \$21.00 in payment of Completion of Works proof and License fee on the above captioned Permit.

Mr. Roy Williams was in our Office this morning and advised us that he would pick up the License as soon as the same was ready.

We are preparing said License of this date and will call Mr. Williams to that effect.

When our Field Engineer made the inspection of the works and land in connection with Permit No. 20534 he found that the well location or Point of Diversion was in the SW¹/₄SE¹/₄ Section 16, Township 8 South, Range 24 East, in place of the SE¹/₄SE¹/₄ as given in the Permit and designated in the same manner in the publication notice and in the proof of Beneficial Use.

To clear our records we wish you would sign Amendment enclosed herewith and return same for our files.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Roy W. Thompson

Re: Permit No. 20534

Gentlemen:

Pursuant to your letter of April 4, 1955 and also pursuant to your letter of September 17, 1954, we have enclosed our check in the amount of \$21.00 and request that the license be issued in the name of the estate of Russel S. Wilson, deceased.

Mr. Roy Williams of the Roy Williams Real Estate Agency of Boise will pick up the license.

Very truly yours,

Leonard H. Jacob

April 4, 1955

RE: Permit No. 20534

Mr. Leonard H. Jacob
P.O. Box 426
Twin Falls, Idaho

Dear Mr. Jacob:

Reference is made to your letter of April 1 which we think refers to Permit No. 20534 in the name of Russell S. Wilson and not Permit No. 20592 which is in the name of Fred L. Wilson and on which Certificate of Completion of Works and License have been issued and sent you on February 21, 1955.

Our records show that on September 17, 1954, we wrote Mrs. Pauline M. Wilson at Boise advising that Certificate of Completion of Works and License could be issued on Permit No. 20534 for 260 inches or 5.2 second feet of water from a well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16, Township 8 South, Range 24 East B.M. for use on the E $\frac{1}{2}$ of said Section.

If we understand your letter correctly and the Decree of Distribution gives Pauline M. Wilson forty percent interest in the property and Fred L. Wilson the balance, Certificate of Completion of Works and License can be issued jointly in those two names.

Unless, of course, the Decree definitely describes the land awarded to each of these parties, in which case, two Licenses could be issued, one for each share.

It will, however, be necessary for a certified copy of the Decree of Distribution to be recorded in this Department.

On the other hand, a License could be issued in the name of the Estate of Russell S. Wilson and there after divided between devisees according to the Decree of Distribution.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
APR 4 1955
Department of Reclamation

Department of Reclamation
State Capitol
Boise, Idaho

Attention: Mrs. Jeanne L. Anderson

Re: Permit No. 20592 205361

Dear Mrs. Anderson:

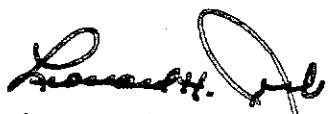

Reference is made to your letter of September 17, 1954 directed to Mrs. Paulene M. Wilson at Boise, Idaho relative to captioned permit.

We have just received a certified copy of the Decree of Distribution in the estate of Russel S. Wilson. The Decree shows that Paulene M. Wilson has received a 40% interest in and to the real property described in the permit. As near as I can recall, Fred Fred L. Wilson, the father of the deceased Russel S. Wilson, owns the remaining interest in and to said real property.

May I have your suggestions as to what documents you will require besides the certified copy of the Decree heretofore mentioned in order to clear this matter and have the license issued.

I wish to thank you for your kind consideration and cooperation.

Very truly yours,

Leonard H. Jacob

RE: Permit No. 20534

Mrs. Pauline M. Wilson
6311 Randolph Drive
Boise, Idaho

Dear Mrs. Wilson:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. 20534 in the name of Russel S. Wilson shows that the well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16, Township 8 South, Range 24 East B.W. will deliver 260 inches of water which has been used to irrigate the E $\frac{1}{2}$ of said Section.

A Certificate of Completion of Works and License can therefore be issued for 260 inches or 5.2 second feet of water upon receipt of the statutory fees amounting to \$5.00 for Certificate of Completion of Works and \$16.00 License fee, the latter being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

As the records now stand, the license is to be issued in the name of the Estate of Russel S. Wilson but it can be issued in your own name if you so desire by furnishing, for record, evidence of your present ownership of the property. This can be done by furnishing a certified copy of the decree of distribution of Russel S. Wilson's estate. There will be a slight additional fee for recording which will probably not amount to more than \$1.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 20534

Messrs. Smith & Jacob
P.O. Box 426
Twin Falls, Idaho

Attn: Mr. Leonard H. Jacob

Dear Mr. Jacob:

We acknowledge receipt of your letter of August 20, 1953, enclosing depositions of Mrs. Pauline M. Wilson and two witnesses, also affidavit of publication in the Minidoka County News all in proof of Completion of Works and Beneficial Use on Permit No. 20534.

Before final action is taken, of course, a field inspection will be made by an engineer from this Department and we shall call his attention to the matters mentioned in your letter in regard to ownership of the land in Section 16, Township 8 South, Range 24 East, B.M. which you are right in assuming that Mr. Moller is making proof on his portion of the permit.

We are not sure just when a field inspection will be made, but our engineer will try and contact someone on the ground at the time inspection is made.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Attn: Mrs. Jeanne L. Anderson

Re: Permit No. 20534

Dear Mrs. Anderson:

I have herewith enclosed, relative to subject water permit, the following documents:

Affidavit of Publication;
Deposition of Holder;
Two Depositions of Witnesses;

I wish to call something to your attention which has just been called to my attention regarding this permit and permit No. 20535, which is presently in the name of Wilbert H. Moller.

You might recall that the Northside Land Company, a corporation, originally made several applications for water permits several years ago. The members of the corporation eventually made division of the assets, or at least some of the assets, and Mr. Moller, whose name is mentioned above, and Russel Wilson, who is now deceased, and which estate now holds permit No. 20534, has received one-half of Section Sixteen (16), Township Eight (8) South, Range Twenty-four (24), E.B.M. Wilson received the east half and Moller received the west half. Because of the nature of this section, it was not feasible to water this section as originally set up in these two permits, consequently, each person gave the other one a deed to part of their respective lands which is now separated by a "leaps and bounds" description. The east part, now owned by the Wilson estate, actually embraces approximately 370 acres while the Moller property actually embraces approximately 270 acres.

I believe that Mr. Moller has, or at least he should have, made proof of completion of works and beneficial use.

We are calling this to your attention since we feel that at the time the inspection is made the party inspecting the land should know all of the facts. Once the water is appurtenant to the land the parties

20534

Department of Reclamation #2

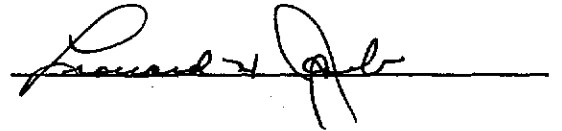

August 20, 1953

can arrange the proper amount of water to the land between themselves.

Very truly yours,

SMITH & JACOB

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
10 A. M., on the 17th day of Aug-
ust, 1953, at Rupert, County of
Minidoka, State of Idaho, before
Floyd J. Fruit, Notary Public,

proof will be submitted of the
completion of works for the diver-
sion of 6.40 cubic feet per second
of the waters of subterranean
source from a well in SE $\frac{1}{4}$ SE $\frac{1}{4}$
Section 16, Twp. 8S., Range 24
E. B.M. and of the application
to beneficial use of said water,
in accordance with the terms and
conditions of Permit No. 20534
heretofore issued by the Depart-
ment of Reclamation of the State
of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Estate
of Russel S. Wilson, Rupert, Ida-
ho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 6.40
cubic feet per second.

3. The use to which said water
has been applied is for irrigation
purposes, and the amount applied
to beneficial use is 6.40 cubic feet
per second.

4. The place where said water
is used is the East half (E $\frac{1}{2}$) of
Section Sixteen (16), Township
Eight (8) South, Range Twenty-
four (24) E. B.M., in Minidoka
County, Idaho.

5. The date of priority which
said user is prepared to establish
is July 9, 1948.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20534

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Pauline M. Wilson, 6311 Randolph Drive, housewife, Boise, Idaho.
I am widow of deceased, Russel S. Wilson.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20534, dated July 9, 1948 with date of priority: July 16, 1948.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean source with well located and point of diversion
in South east Quarter of Southeast Quarter of Sec. 16, twp 8 S, R 24 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Water brought to surface by Worthington Pump driven by 150 hp Electric motor, which is capable of pumping more than 6.40 cubic feet per second of water. Water is disbursed by means of feeder ditches. Well is more than 150 feet deep with water lifted from depth of 150 feet. Hole is 20 inches wide. There is no casing but column is 12 inches in diameter. Pump can discharge in excess of 6.40 cubic feet per second of water, which from experience has been measured by the amount of water surfaced.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes and some for domestic purposes. The entire east half of section 16, twp 8 S, R 24 E.B.M., is irrigated by the water coming from this pump. All land is cultivated, and a machine shed containing a 4 room apartment has been constructed on the premises as has a pump shed. 320 acres in the above subdivision are irrigated. Potatoes, beets, wheat and alfalfa are presently being raised on said land.

20534

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 6.40 cubic feet per second of water is required for irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am widow of deceased Russel S. Wilson.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been diverted under the above permit for the last four growing seasons. About 4 years ago only one-half of the amount of land was irrigated, but for the past three seasons the entire 320 acres have been under cultivation and irrigated, by feeder ditches. The maximum amount of water has been used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none.

Estate of Russel S. Wilson, Deceased

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20534

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Kenneth W. Marshall, age 27, of 233 Walnut Street, Twin Falls, Idaho. I am a real estate appraiser for The Travelers Insurance Company, on their mortgage loans.

Ques. 2. Are you acquainted with Pauline M Wilson, Admin^{Russel S. Wilson} of Estate of, the holder of Permit No. 20534? How long have you known him and where does he reside?

Ans. Yes. She resides in Boise, Idaho. I have known her for around four years.

Ques. 3. Have you read or heard read said Permit No. 20534, and are you familiar with its provisions and conditions? Yes, and I am acquainted with

Ans. the provisions and conditions of the permit.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is from subterranean source, with well located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 16, twp 8 S, R 24 E.B.M. A Worthington Pump lifts the water and the same is disbursed by means of feeder ditches running over the land. Pump is driven by electric motor.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6.40 cubic feet per second of water can be carried, and I have seen this amount pumped and conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen at least 6.40 cubic feet per second of water pumped,

I an have estimated this. Becuase of my work, I have inspected and seen every pump in operation north of Rupert, in the Minidoka Area, and also the Blackfoot area. Because of the nature of my job, I have made a study of pumps and from this I have arrived at the above conclusion.

20534

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes on the east half of
said section sixteen. All land is cultivated and ~~xxx~~ crops
are presently growing on the premises. A machine shed has been
built on the premises and feeder ditches have been constructed.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land has been cleared of sagebrush, leveled. Land is well
adapted for the growing of crops usually grown in south central
Idaho. 6.40 cubic feet per second is water is necessary.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

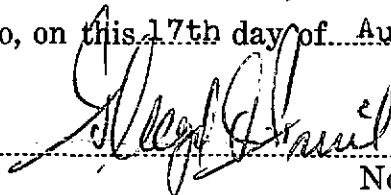

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have spent many months in the area surrounding this land.
I have witnessed the growing crops on this farm for the past four
seasons and have seen the water applied to the land on many occasions
during the past four seasons.

(Signed) Kenneth W. Marshall

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Rupert, Idaho,
County of Minisoka, State of Idaho, on this 17th day of August,
A. D. 19 53.

BOISE, IDAHO

Permit No. 20534

Proof of Application of Water to Beneficial Use
and Completion of Work
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Wilbert H. Moller, age 40, farmer of 824-6th Street,
Rupert, Idaho.

Ques. 2. Are you acquainted with Pauline M. Wilson, Admx of Estate of/ the holder of Permit No. 20534? How long have you known him and where does he reside?

Ans. Yes, and I have known her for more than 6 years. She resides
in Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20534, and are you familiar with its provisions and conditions?

Ans. Yes. I am acquainted with the provisions and conditions of the permit.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water: Subterranean. Well located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, township 8 S, Range 24 E.B.M. A pump lifts the water which in turn is disbursed over the land area by means of feeder ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6.40 cubic feet per second of water. I have seen this amount conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 6.40 cubic feet per second of water. I own and operate a pump which draws water from subterranean source, and from my experience with this well and pump and knowing what my pump will draw, I feel that I can judge the amount of water pumped by the one in question.

20534

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation purposes and on the east half of section 16. Land is under cultivation, which has been cleared. In addition to ~~the~~ the well and pump, feeder ditches have been constructed, as well as a machine shed on said premises.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Rolling land has been leveled and cleared of sagebrush and all rock have been cleared off the place. Soil is well adapted for surface irrigation. 6.40 cubic feet per second is water necessary for irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. All of the land has been under cultivation the last three growing seasons, and about half the land was in growing ~~crops~~ crops about 4 years ago. I own adjoining land and therefore feel that I am well acquainted with the land in question.

(Signed) Walter H. Miller

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Rupert, Idaho, County of Minidoka, State of Idaho, on this 17th day of August, A. NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M., on the 17th
day of August, 19 53, at Rupert, County of
Minidoka State of Idaho, before Floyd J. Fruit, Notary Public
proof will be submitted of the completion of works for the diversion of 6.40
from a well in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16, Twp. 8 S., Range 24 E., B.M.
cubic feet per second of the waters of subterranean source / and of
the application to beneficial use of said water, in accordance with the terms and
conditions of Permit No. 20534 heretofore issued by the Department of Reclamation
of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are Estate of Russel S. Wilson, Rupert, Idaho.
2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use, in accordance with the plans accompanying the appli-
cation for such permit, is 6.40 cubic feet per second.
3. The use to which said water has been applied is for irrigation
purposes, and the amount applied to beneficial use is
6.40 cubic feet per second.
4. The place where said water is used is the East half (E $\frac{1}{2}$) of
Section Sixteen (16), Township Eight (8) South, Range Twenty-four
(24) E.B.M., in Minidoka County, Idaho.
5. The date of priority which said user is prepared to establish is
9
July 16, 1948.

INSTRUCTIONS

Mr. Russel S. Wilson
Filer
Idaho

PROOF OF COMPLETION OF WORKS

Boise, Idaho

Dear Sir:-

Under the terms of your Permit No. 20534 you are required to complete your diversion works on or before July 16, 1953. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

RE: Permit Nos. 20534-20535

Mr. Lawrence H. Duffin
Attorney at Law
Fisher Building
Rupert, Idaho

Dear Mr. Duffin :

We enclose Permit Nos. 20534-20535 in the names of
Russel S. Wilson and Fred L. Wilson, together with Departmental
Receipts for the \$15.00 filing fees.

We note the statement that if the first well described
in the application and permit does not produce the required
amount of water, other wells will be drilled in order to obtain
the required amount.

If it is found necessary to drill other wells than
the one described in the permit, an application for amendment
should be filed in this department on a form which we will
furnish upon request.

Very truly yours,
