Dear Ms. Jaffe:

The Department acknowledges receipt of the Notice of Change of Water Right Ownership form changing ownership of the above referenced water rights to you. The Department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Please be advised that we have modified our records for Rt. 34-02104 to show you as new owners. However, that license has not been claimed in the Snake River Basin Adjudication (SRBA). If no claim is filed in the SRBA the right may be lost. All existing water uses were to be claimed in the SRBA if they were still valid. If you think a claim should have been filed for this right, please contact our Adjudication Bureau for assistance.

We also have not changed the ownership of Application for Permit No. 34-07504. The application must have an "Assignment of Application for Permit" form submitted to our regional office in Idaho Falls. I have enclosed the form for your convenience. Please complete the form and return it to our regional office.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department.

If you have any questions in regard to your water rights, please feel free to contact our office.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
