Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right applications for permits. The applications have been assigned identification nos. listed above. Please refer to these numbers in all further correspondence.

This office is currently in the process of advertising the applications in the Blackfoot News, Preston Citizen, Arco Advertiser, Caribou County Sun, and the Idaho State Journal. The advertisements will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the applications are protested, you will be sent a copy of the protests. The protests must be resolved before the applications are approved or denied. If the protests are not resolved voluntarily, this Department will conduct a conference and/or hearing in the matter.

If the applications are not protested, they will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Ernest Carlsen  
Assistant Regional Manager
