IDWR INFORMATION & THE INTERNET

You can search for IDWR records on the Internet at www.idwr.idaho.gov

Look for "Top Picks" on the home page.

For Water Right &/or Adjudication information, click "Adjudication & Water Rights Search (text based)" for best results. The best starting point in your search is to use the "Where" tab under that site and enter the township, range, section (and maybe $\frac{1}{4}$ or $\frac{1}{4}$ of the section) for the property in question. Be sure to choose "Point of Diversion" or "Place of Use" depending on the information you need ("both" means diversion and use are within identical search parameters, not that either are within the parameters). It is better to do a broader search first instead of a narrow search. A narrow search would include a street address or person's name, for example, and might miss the information you are seeking.

For Well Log information, click "Well Construction Info Search." Again, use a broader search at first such as township, range and section. Results will list information about the $\frac{1}{4}$ $\frac{1}{4}$ location in a section. You can narrow your search after seeing the initial results. Many well logs have been scanned and are available on the Internet.

Forms, Rules and Statutes can be found under "Top Picks."

Whatever you are searching for, try a broad search first and narrow the search as needed. If you cannot find any information or have trouble interpreting the information, contact the IDWR staff person on duty each day. This person is called the "office day" person and is available to provide general assistance. Call the office day person at 208-334-2190 between the hours of 8 and 5 Monday through Friday.

Your cooperation in using the Internet is appreciated. Your help in asking for the "office day" person for general help instead of a particular IDWR staff member helps us improve our efficiency and provide better, more cost effective service to the public. Thank you.
