ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, R. Keith Higginson, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 34-07116 with the following;

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works.
6. Use of water under this water right will be regulated by the watermaster of State Water District No. 34.

Witness my hand this 18TH day of DECEMBER, 1991.

R. Keith Higginson
R. Keith Higginson, Director

JAN 15 1992

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO**

IN THE MATTER OF PERMIT	)	
NO. 34-7116	)	ORDER OF REINSTATEMENT
IN THE NAME OF	)	
JAY V. AND DEANN N. JENSEN	)	

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 34-7116 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 34-7116 to appropriate the public waters of the State of Idaho with a proposed priority of MAY 15, 1975.

2. On JULY 30, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on SEPTEMBER 28, 1986.

3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

FILED
JAN 15 1992

4. The license examination fee was received on
NOVEMBER 05, 1990, 1498 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 34-7116 should be advanced 1498 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 34-7116 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 34-7116 is advanced to JUNE 22, 1979.

Dated this 13th day of November, 1990.

NO PUBLIC NOTICE NOTICE OF APPLICANTS FOR WATER PERMIT

Notice is hereby given that the following W. Right, Arco, Idaho, has on 7-15-77 submitted Application No. 24-7119 for a permit to appropriate 200 acre feet per annum of surface water from the boundary ditch by means of pump and pipeline within the 24-7119, Sec. 13, T. 34N. R. 24E. S. 24E. State County, to be used from Jan. 1 to Dec. 31 for storage purposes and then diverted from storage for the irrigation of 200 acres to be used from Apr. 1 to Nov. 1 within the 24-7119, Sec. 13, T. 34N. R. 24E. S. 24E. State County, Idaho, U.S.A. on or before August 11, 1978.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1445 Leggett Road, Boise, Idaho, 83725, on or before August 11, 1978.

OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION)
FOR TRANSFER OF WATER RIGHT NO.)
34-07116, 34-00852C, 34-07055,)
34-10923 JAY V &/OR DEANN JENSEN)

NOTICE OF
PREHEARING CONFERENCE

On September 28, 1992, Jay V. &/or Deann Jensen, filed with the Department of Water Resources an application for transfer of water right, No.'s 34-07116, 34-00852C, 34-07055, & 34-10923 to transfer the public waters of the State of Idaho. On November 30, 1992, the Department received protests against approval of said application from Larman D. Andersen, Lawrence R. Babcock, Dale Smith, & Lewis Rothwell.

The Department has set the matter of protest for a prehearing conference to be conducted at 10:00 a.m. on Thursday, March 25, 1993, in the Courtroom of the Arco Memorial Building, Arco, Idaho.

Agenda items for this prehearing conference will include:

1. Identify spokesman and/or counsel representing the protestant.
2. Review of the application.
3. Identify issues of protest.
4. Designate date for identifying witnesses.
5. Designate target date for conducting administrative hearing if resolution is not possible during the prehearing conference.

FILED
MAR 25 1993

The prehearing conference will be held in accordance with the provisions of the adopted Rules of Practice and Procedure of the Department of Water Resources.

If you require special accommodations for a disability in order to participate in or attend the prehearing conference, please advise the department within ten (10) days prior to the prehearing conference.

Dated this _____ day of February 1993.

RE: Water Right No. 34-07116

Dear Kent;

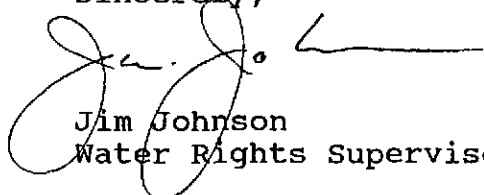

Thank you for sending copies of the license and amendment of permit. I do have the same amendment in the water right file, I guess I didn't understand which amendment we were talking about.

Following is an explanation for why the application for amendment of permit was inconsistent with the license eventually issued. It is our policy to follow the recommendations of the field examiner when possible. Unfortunately, in this case, the examiner had listed 2.0 cfs as a diversion from storage and listed 2.0 cfs as a total diversion which was incorrect and not caught before the application for amendment was sent. I have attached a copy of the examination report for your reference. You will also see that the total volume listed on the examination form is 20 afa. I cannot explain why the 845.0 AF was listed on the Application for Amendment other than to say it must have been a typo. The mistakes were corrected on November 14, 1991 before the license was issued.

I apologize if these mistakes has caused confusion. I am confident, however, that the license as issued is a correct reflection of the approved request for public water appropriation.

If I can be of further assistance please let me know.

Sincerely,

Jim Johnson
Water Rights Supervisor

RE: WATER RIGHT NO. 34-07116

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed application for amendment contains information that will be included on the license when it is issued. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee by November 7, 1991.

If you do not concur with these findings or if you have any questions, please contact us immediately.

Sincerely,

JIM JOHNSON

D. FLOW MEASUREMENTS

☐ Additional Data Sheets Attached

1.

Measurement Equipment	Type	Make	Model No.	Serial No.	Size	Calib. Date
Weir	Cipolletti	UND	-	-	4'	

2. Measurements:

Waste water flowing at time of exam from end of Munsey Ditch = $0.15' = 0.782 \text{ cfs}$
According to owner operating pressure both systems = 62 psi

Surface area of pond = $2.5 \text{ ac} / \text{Average depth } 8' = 20 \text{ af storage}$

E. FLOW CALCULATIONS

☒ Additional Computation Sheets Attached

1. Measured Method $Q_{\text{NORTH}} = 2.31 \text{ cfs}$ $Q_{\text{LIMITED BY PERMIT}}$
 $Q_{\text{SOUTH}} = 1.85 \text{ cfs}$

2. Alternate Method for Checking Purposes

F. PUMP EFFICIENCY DATA (Optional)

Discharge Pressure: _____ psi x 2.31 = _____ ft (1); Dynamic pumping level: _____ ft (2)

Total Head (1) + (2) = _____ (3) , Flow rate: _____ cfs (4)

Water HP: (3) x (4) ÷ 8.8 = _____ (5)

Meter Input KW: $3.6 \times \text{_____ KH} \times \text{_____ CTR or MULT} \times \text{_____ PTR} \times \text{_____ N/} \text{_____ T} = \text{_____ (6)}$

Meter Input HP: (6) x 1.34 = _____ (7)

Panel Input KW. _____ Ave PF x _____ Ave Volts x _____ Ave Amps x .001732 = _____ (6)

Panel Input HP: (6) x 1.34 = _____ (7) Efficiency: (5)/(7) x 100 = _____ %

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$V_{IR} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \text{_____}$

$V_{DR} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = \text{_____}$

$V = \text{Smaller of } V_{IR} \text{ and } V_{DR} = \text{_____}$

2. Volume Calculations for Other Uses:

STORAGE VOLUME = $25 \text{ ac} \times 8 \text{ ft} = 20 \text{ af storage}$

JAN 15 1992

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Average depth of pond obtained from conversation with Robert Spraker. Mr. Spraker stated that the average depth of pond was 6' to 8' below the bottom of the ditch. Jay Jensen had Mr Spraker deepen the pond near the pumps. Therefore, I used 8' as the average depth.

I. RECOMMENDATIONS

1 Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
STORAGE FOR IRRIGATION	1/1	12/31		20af
Irrigation from STORAGE	4/1	11/1	~~2.0 cfs~~	20af 5.5.
Totals:			~~2.0 cfs~~	20afa

2 Recommended Amendments

- ☒ Change P.D. as reflected above
☒ Change P.U. as reflected above

- ☐ Add P.D. as reflected above
☐ Add P.U. as reflected above

- ☐ None

MEMORANDUM

TO: File 34-7116

FROM: Sharla

DATE: May 7, 1991

RE: Dam Safety

On this date, Mrs. Jensen called in response to my correspondence of 12/3/90 and 4/25/91. She stated that their holding pond is approximately the size of a football field and has a depth of 4 feet at its deepest point. The "dam" is earthen material and is no more than a few feet in height, definitely less than 10 feet.

The permit can be scheduled for inspection.

RE: Permit No. 34-7116

Jay V. &/or DeAnn Jensen
Rt. 1, Box 112-A
Moore, ID 83255

Dear Mr. and Mrs. Jensen:

As you will recall, I sent a letter to you back in December of last year concerning the reinstatement of the above referenced permit. At that time I also informed you that the scheduling of a field examination would be withheld pending submittal of information as to whether or not a dam had been constructed.

As of this date, I have not received a response to my inquiry nor has an application for construction of a dam been received by the Dam Safety Section. Please be advised that failure to respond to requests for information can be cause for the department to void the permit. If that happens, diversion of water without a valid water right is cause for the department to issue a cease and desist order.

I will hold action on this permit for 30 days. If I have not heard from you within that time period, I will commence proceedings to void the permit. If you have any questions, give me a call.

Sincerely,

A handwritten signature in cursive script that reads "Sharla Curtis".

December 3, 1990

RE: Water Right No. 34-7116

Jay V. &/or DeAnn Jensen
Rt. 1, Box 112-A
Moore, ID 83255

Dear Mr. and Mrs. Jensen:

We acknowledge receipt of the assignment form transferring ownership of the above referenced water right to you. We also acknowledge receipt of the license examination fee which allowed us to reinstate the permit. The priority date has been advanced to June 22, 1979 due to late submittal of the fee. Enclosed is a copy of the order of reinstatement and a copy of the permit in its current status.

A proof of beneficial use statement was submitted by the previous owners and now your submittal of the examination fee completes the proof process. Ordinarily at this point we would be scheduling an examination of the system. However, in reviewing the file we note that a storage facility consisting of a dam approximately 12 feet in height was proposed under this system. Dams in height of 10 feet or more fall under the jurisdiction of our Dam Safety Section and certain requirements need to be met. In checking with them, we find that no filing has been made for the construction of a dam. This being the case, we offer the following.

If a dam has indeed been constructed, information as to its size and specifications needs to be submitted to us. If its height is 10 feet or more, the enclosed Application for Construction of Small Dam must be completed and returned. Also enclosed for your information in this matter is a copy of the Rules and Regulations for dam safety.

JAN 15 1992

Page 2

We will hold processing this right for examination for 30 days to allow you to provide information as to whether or not a dam has been constructed and to comply with any necessary dam safety requirements.

If you have any questions concerning this matter, please feel free to contact us.

Sincerely,

A handwritten signature in cursive script that reads "Sharla Curtis".

RE: Permit No. 34-7116 & 34-7408

David Flesher
Farmers Home Administration
P.O. 656
Arco, ID 83213

Dear Mr. Flesher:

I have received a copy of your letter of July 3, 1990 to Harold Jones of our Idaho Falls office. This letter requested that permit no. 34-7116 be reinstated and that application no. 34-7408 be reconsidered and approved.

The information you have concerning permit no. 34-7116 is not entirely accurate. This permit did not lapse for failure to submit proof of beneficial use, but lapsed instead for failure of the permit holder to submit a license examination fee. The permit holder was notified of the exam fee in 1986 and again in 1987.

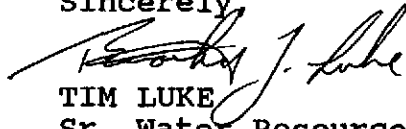

Permit no. 34-7116 can readily be reinstated by submitting the appropriate license examination fee. I have enclosed an exam fee information form and instructions. You must also have the permit holder of record, Rodney W. Smith, assign the permit to you. An assignment form has also been enclosed. When reinstated, the priority date of the permit will be advanced the number of days the exam fee is submitted late (i.e.; priority will be advanced about three years).

Application no. 34-7408 was rejected by the Department in 1989 for failure of the applicant to respond to certain correspondence of the Department. The Department initiated action to reject this application because the proposed irrigation use on federal land identified by the application was already covered by an approved water right filing. Since the application does not appear to be necessary, and because it has officially been rejected by the Department without any response from the applicant, the Department will not at this time reconsider its action by rescinded the rejection order and approving the application.

RECEIVED
JAN 15 1992

I hope that this correspondence addresses your concerns about the above referenced water right filings. Please feel free to contact me directly at 327-7864 if you have additional questions concerning this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tim Luke".

RE: Water Rights on the Former Farmers Home Administration
(FmHA) Rodney Smith Inventory Farm

Dear Mr. Jones:

The above mentioned farm was acquired from Rodney Smith on October 20, 1987. In 1989, to assist in the preparation of the Snake River Adjudication filings, this office received from Idaho Department of Water Resources a printout of water rights which were associated with the following legal description:

Township 3 North, Range 26 East, Boise Meridian
Section 13: SW1/4, SW1/4 NW1/4
Section 24: N1/2 NW1/4, SW1/4 NW1/4

As per instructions from the FmHA State Office, a "NOTICE OF CLAIM TO A WATER RIGHT" was completed for each of the following water rights:

34-00852A	Big Lost River	6/1/1894
34-00852B	BLR	6/1/1894
34-07055	Groundwater	12/20/1973
34-02125A	BLR	5/17/1911
34-02125B	BLR	4/15/1912
34-07116	BLR (waste water)	8/15/1975
34-07408	Groundwater	1/8/1982

On April 19, 1990 the above mentioned inventory farm was sold to Jay V. Jensen. Mr. Jensen contacted your office about the water rights and was informed of the following:

JAN 15 1992

34-02125A	Owned by Doug Schurman
34-02125B	Owned by Doug Schurman
34-07116	Permit had lapsed because of failure to show beneficial use
34-07408	License was denied because IDWR was not contacted after letter was sent to Rod Smith

The water rights which turned out to be owned by Doug Schurman are extremely late flood rights and appear to be of little value.

However, the other two water rights are extremely important to the subject farm and will have a significant impact on the value and feasibility of the property.

FmHA is requesting that the following items be completed:

1. Water Right 34-07116 be reinstated.
2. The application for water under license 34-07408 be reconsidered and approved.

FmHA, at the apparent time that the above water rights lapsed and were denied was the owner of the above property and water rights. FmHA was not notified of the pending decision or given an opportunity to file for a possible extension until which time as the property could be sold.

Your expedience in this matter would be appreciated.

If you have any questions, please do not hesitate to contact this office.

Sincerely,

DAVID A. FLESHER
Acting County Supervisor

BEFORE THE DEPARTMENT OF WATER RESOURCES

OF THE

STATE OF IDAHO

OCT 16 1989

Department of Water Resources
Eastern District Office

IN THE MATTER OF APPLICATION)
FOR PERMIT NO. 34-7408 IN)
THE NAME OF RODNEY W. SMITH)

ORDER

This matter having come before the Idaho Department of Water Resources (department) as a result of the processing of the backlog of Swan Falls related applications and permits, the department finds, concludes and orders as follows:

FINDINGS OF FACT

1. On January 8, 1982, Rodney W. Smith (applicant) filed an application for permit (application) in connection with proposed development of certain federal desert lands under the provisions of the Desert Land Act.

2. On January 27, 1983, the applicant filed Application for Transfer No. 2773 in connection with Licensed Right No. 34-7055 to provide water for the proposed desert land entry project. On May 26, 1983, the department approved the Application for Transfer.

3. On September 29, 1986, the department corresponded with the applicant to determine further interest in the pending application for permit. The applicant did not respond.

4. On July 25, 1989, the department sent the applicant a Notice of Pending Order to Reject the Application. The applicant again did not respond.

5. Section 42-203A, Idaho Code, provides that the Director can reject an application where it appears the application is not made in good faith or is made for delay or speculative purposes.

CONCLUSIONS OF LAW

1. Section 42-203A, Idaho Code, provides that the Director can reject an application where it appears the application is not made in good faith or is made for delay or speculative purposes.

2. The applicant has not responded to department correspondence and has not shown that he intends to pursue appropriation of water as proposed in the application.

3. Application for Permit No. 34-7408 should be rejected for failure to show that the application was made in good faith and not for delay or speculative purposes.

JAN 15 1992

ORDER

IT IS THEREFORE, HEREBY ORDERED that Application for Permit 34-7408 is REJECTED pursuant to provisions of Section 42-203A, Idaho Code, since the application is not made in good faith and is made for delay or speculative purposes.

Dated this 3RD day of OCTOBER, 1989.

July 30, 1987

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on September 29, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on July 30, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before November 30, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,
L. Glen Saxon
L. GLEN SAXON, Chief
Operations Bureau

SMITH, MURPHY W.
W.D. BOX #3
SHCC, ID 83213

Dear Permit Holder:

On July 29, 1986 this Department sent you a certified letter explaining the recent statutory changes in the licensing procedure that will pertain to the above referenced permit. The new statutes provide the permit holder with a choice of who will perform the licensing field examination. You may either choose a certified water rights examiner from the private sector, or select the Department. If you elect to have the examination done by the Department there is now a fee for this service based on the amount of water being diverted.

The letter advised you had a period of 60 days to notify the Department of your decision. You were to notify the Department by returning the examination fee information form which accompanied the certified letter and the appropriate examination fee, provided you wanted the Department to do the examination. As indicated in the certified letter, failure to return the form and submit the examination fee within the 60 days would cause the priority of your permit to be advanced.

Our records indicate you did not respond within the 60 day period. Starting with September 29, 1986 the priority of your permit will be advanced one day for each day your response is late. Failure to submit a completed examination fee information form, with the examination fee, by July 29, 1987 will result in the permit being lapsed.

As always our staff is available to assist you or answer questions concerning the above matter. For your convenience, we have enclosed another examination fee information form.

Respectfully submitted,

Ernest Carlson
Assistant Regional Supervisor

EC/ed

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD; THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

Mr. W. Smith:

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

Debbie R. Stephens
