Dear Mr. Fleenor:

Re: Permit No. 34-7089

In response to your letter of April 5, regarding the application for amendment, there are two points that are not perfectly clear to me.

The first and most important is the point of diversion. I have checked with the local ASCS office and two different people employed there have checked the maps and both have stated that they believe the point of diversion to be in Section 29, as listed in the original application.

The second is the amount of land that can be irrigated for beneficial use. Your representative has listed 17 acres of land, and the ASCS office has measured 20.5 acres.

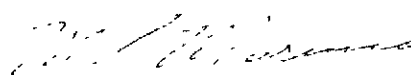

I called your office in Idaho Falls on or about April 13, and explained my findings to them. The Gentleman I talked to said he would have the representative call me on April 15. I did not receive the call.

Since I have just 30 days to return the amendment, I thought I had better contact you and explain the situation.

I hope to hear from the Idaho Falls office soon, so we can come to an agreement on these matters.

Enclosed you will find the application of permit for the name change, and a \$10.00 check for the filing fee. You can hold these on file until the other matter is clarified.

Dear Mr. Marinac:

A representative of this Department made an examination of the works covered by your Permit No. 34-7089 on December 28, 1976, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law:: .34 cfs Source: Groundwater

The maximum quantity diverted shall not exceed 51 acre feet per year.

Point of diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 28, Township 7N, Range 24E.

Beneficial Use: Irrigation of 17 acres within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ (6 acres),
NW $\frac{1}{4}$ SW $\frac{1}{4}$ (1 acre), Section 28; SE $\frac{1}{4}$ NE $\frac{1}{4}$ (2 acres), NE $\frac{1}{4}$ SE $\frac{1}{4}$ (8 acres),
Section 29, Township 7N, Range 24E, B.M.

In order for the Department to issue the above license, it will be necessary for you to amend the permit to correspond with the findings of the field examiner. We are enclosing a partially completed amendment form for your use in this matter.

We are also enclosing an assignment of permit form as we received a letter from M. L. Marinac, indicating he now has ownership of this permit. If you wish to make this name change, please complete the assignment form and return it to us.

Re: Permit No. 34-7089

Dear Sir:

In September of 1976 your Field Representatives inspected my pump and sprinkling system, they stated that everything was in order for the license to be issued.

By December 17, 1976 I was still waiting for some word from your office, so I wrote a letter to the Idaho Falls office. They replied that they mailed all the forms to Boise on the day they received my letter.

I waited until March 9, 1977 and at this time I called the Idaho Falls office. They told me that all the forms were sent to Boise, and your office would handle it from there.

I have been wondering how long it will take for the license to be issued.

I would appreciate hearing from you on this matter.

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

Dear Mr. Marinac:

One of the conditions of approval of your water Permit No. 34-7089 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Mackay, Idaho 83251

Dear Mr. Marinac:

We are in receipt of your application but must return it for clarification of some items.

We have taken the liberty of partially completing an application form with the following changes:

In Item 4, the period of use has been changed to April 1 to November 1 because this is the normal irrigating season in your area. Item 7, the time required for completion of works has been changed from 6 months to 1 year. The maximum time allowed is 5 years. The acreages shown in Item 8b did not agree with the map in Item 11, so these have been changed to agree with the aerial photo which you enclosed. Please complete Item 6, showing what type of irrigation system is to be used, such as well, pump, and sprinkler, or ditches.

Please review the application carefully, and make any other changes you feel necessary and return it with the \$25.00 filing fee and we will be happy to commence processing.

Very truly yours,

Loren O. Holmes
