RE: Claims #34-4111, 34-4113, and 34-4115

Dear Mr. Sanders:

When the above captioned claims were initially submitted the places of use and points of diversion were identified by 40 acre quarter quarters. However, examination of survey plats reveals each of the developed springs is actually in a government lot.

On the enclosed amended claims we have modified the legal descriptions to reflect the government lot number providing a more precise description of where the springs are located.

Please return the amended claims to this office after they have been signed in the presence of a notary.

Your prompt attention to this matter is appreciated.

Respectfully submitted,

ERNEST CARLSEN
Asst. Regional Supervisor
