RE: Permit No. ²⁴⁷⁸ 34-2478

Mr. Reed Asay
Mackay, Idaho

Dear Reed:

After my visit with you last week and the re-examination of your land list, it has become apparent that some of the land that you now have under irrigation is not listed under your Permit No. 34-2478. That being one acre in the NE~~1~~SE~~1~~, Sec. 28, and the 12 acres in the SE~~1~~SW~~1~~, Sec. 28, Twp. 7N, Rge. 25E.

The aerial photo enclosed should clear up any problems. The red line indicates the boundary of the land originally applied for. The heavy dark line indicates the land now under cultivation by the well in the SE~~1~~NE~~1~~ of Sec. 28.

It is a simple matter to include the extra 13 acres under Permit No. 34-2478, and the necessary application for amendment has already been properly filled out, requiring only your signature, and the statutory filing fee for amendments which is \$10.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

Dear Mr. Assay:

The water rights exam that took place on your property during August 12, 1972, indicated that 78 acres in the S $\frac{1}{2}$ of the SW $\frac{1}{4}$ of Section 28 are not included on the permit.

Since you have sufficient land listed on the original permit, it will be possible to transfer 78 acres of land listed in your permit that is not being irrigated to the 78 acres listed above by means of an amendment.

For your convenience, an amendment form has been completed and is enclosed for your review and signature. If you agree with the contents of the amendment, please sign and return it to this office with the statutory filing fee of \$10.

Before a Water License can be issued, we must receive the amendment to your permit.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

WILLIAM R. RHOADS
Water Resource Examiner

Dear Mr. Asay:

One of the conditions of approval of your water Permit No. G-33110/34-2487 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 25, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Asay:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than you should be contacted by the examiner, please advise.

Re: Permit No. G-33110 (new no. 34-2487)

Mr. Reed Z. Asay
Mackay,
Idaho

Dear Mr. Asay:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
