RE: Drilling Permit 34-90-Z-003

Dear Mr. Bell:

Enclosed is your approved Drilling Permit 34-90-Z-003 for your proposed irrigation well.

The reconstructed well authorized by this permit allows only for diversion of water for previously existing water rights and is not authorized for the diversion of water for new development.

The permit is subject to the Specific Conditions given on the attached sheet. The drilling prospectus required in Specific Condition No. 1 should be sent to the attention of Mark Slifka in the State Office at the address shown in the letterhead.

An additional copy of the permit has been enclosed for your driller. Please give it to him as he is required to have a copy on site.

If you have any questions, please contact this office.

The approval of this permit authorizes the construction of a well as described on this application subject to the conditions on this permit.

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted.
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85°F or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.

Gentlemen:

We acknowledge receipt of the assignments from Willard O. Bell to you with regard to the above referenced permits. Your name has been permanently placed on the permits in our files.

We are enclosing copies of the permits, assignments, and APPROVED amendments for your personal use.

We acknowledge receipt of the affidavits submitted as proof of beneficial use for these permits. The legal notices will be published in the Arco Advertiser, Arco, Idaho, on February 26 and March 5, 1970. You will be required to submit an affidavit of publication to the department for each permit. The affidavits may be obtained from the newspaper upon payment of the cost of publication.

If we may be of further assistance, please advise.

Very truly yours,

Donald W. McEldowney

CERTIFIED MAIL

Willard O. Bell
Box 91
Arco, Idaho 83213

Dear Mr. Bell:

One of the conditions of the approval of your permit G-32325/34-2459 was that proof of application of the water to beneficial use be submitted to this office on or before April 23, 1970.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-32325 (New No. 34-2459)

Wallard G. Bell
Box 91
Arco, Idaho

Dear Mr. Bell:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit, ~~and are now submitting proof of beneficial use~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
