Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 29903/34-2432 and has found the following:

Quantity of water diverted: 0.18 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.13 cfs

The maximum quantity of water diverted shall not exceed 28.5 acre feet per season.

Beneficial use: For irrigation of 9.5 acres within the NE 1/4 NW 1/4, Sec. 1, Twp. 3 N, Rge. 26 E

Point of diversion: NE 1/4 NW 1/4 (Lot 4), Sec. 1, Twp. 3 N, Rge. 26 E, B.M.

The priority date established is: July 5, 1961

A fee totaling \$ 7.00 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth above.

If you do not concur with these findings, please contact this office within the 30 day period.

Sincerely,

BOBBY D. FLEENOR

Re: Permit No. G-29903

Lawrence L. Moncur & Lawrence Moncur,
Arco, Idaho.

Gentlemen:

Due to the numerous errors observed since our letter of June 2, 1966, we feel the following action necessary.

On May 16, 1966, we received the Notice of Publication, Forms 36 & 11 from you wherein, under Section 5, you listed the place where the water is used as "Twp. 3 N., Rge. 26 E.B.M., NE1/4" (description which covers approximately 160 acres "containing 9 1/2 acres, more or less." We changed the Notice to read NE1/4, as does the land list of the permit. However, inadvertently, a typographical error allowed the newspaper to advertise land list as NE1/4.

When our office received your depositions and returned them for correction, we did not notice they had been submitted some 20 days prior to the advertised date of June 24, 1966, whereupon you were required to appear before Notary Public H. Michael Porter to make said depositions.

In order to correct this situation, we are enclosing two Forms 36 and one Form 11. One of the Forms 36 has been completed as the permit now reads. If this information is not correct, please advise us at once. If the information is correct, please complete the top portion inserting the Notary Public's name, address and the date you will appear to make new depositions. Please allow at least 40 days for advertising prior to the date you set to appear before the Notary. We will submit your readvertisement to the newspaper and await your forwarding the new depositions and Affidavit of Publication.

Very truly yours,

Lawrence L. Moncur and
Lawrence Moncur,
Arco, Idaho.

Gentlemen:

Returned herewith are your depositions for the above referenced permit. It is noted the land list shown on the depositions does not agree with the land list of the permit. The depositions show the lands to be the NE1/4, Section 1, Twp. 3 N., Rge. 26 E.B.M. The permit states the land list as the NE1/4, Section 1, Twp. 3 N., Rge. 26 E.B.M. If the permit is correct, please change the depositions. However, if the depositions are correct and the permit is in error, you will be required to amend the land list and re-advertise and submit new depositions at your expense. Please advise as to your intent.

In addition, you are required to submit an Affidavit of Publication. This affidavit may be obtained from the Arco Advertiser, Arco, Idaho.

Very truly yours,

DONALD W. McELDOWNEY

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29903 are due not later than **July 11, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl E. Tappan
