Since this right has already been reviewed in the SRBA the condition about being subject to this review should not be included in the approval condition so I don't think the application can be approved until Judge Harbut adopts a paragraph to reflect this type of change in the Director's Report. But it probably should be sent to S/O anyway.

Dear Mr. Walker:

We received the application to amend the point of diversion and the land list with your letter of June 6th.

Enclosed are forms and instructions preliminary to making proofs under your present permit.

Both applications for amendment can be approved, however the date of priority is in question. You have drilled a well in a different location and indicate that you are not irrigating land included under the permit. The date of priority may have to be changed to May 3, 1962, the date you first notified this office of the change in location of the well, though you did not show that you are irrigating entirely different land than shown on the permit until the amendment was received.

Re: Permit No. G-29072

Ned L. Walker
Box 32
Arco, Idaho

Dear Mr. Walker:

Returned herewith is the application to amend the point of diversion with check for \$1.00 for recording fee. Also enclosed is a form to amend the land list.

Your permit shows two points of diversion SW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 14. If you intend to drill a well on the NW $\frac{1}{4}$ NE $\frac{1}{4}$, and also on NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 14, the NW $\frac{1}{4}$ NE $\frac{1}{4}$, should be shown on both lines.

The amendment indicates you are going to irrigate the SW $\frac{1}{4}$, Section 14. As that land is not included in your permit, it will be necessary to amend the land list. There is a fee of \$1.00 for recording each amendment.

Kindly complete the amendment or amendments and return.
