Re: Permit No. G-29006

Robert L. Spraker
Arco, Idaho

Dear Mr. Spraker:

Our department conducted a field examination of permit No. G-29006 in August of this year. The results of this examination indicate the point of diversion shown on the permit is in error. The permit states the point of diversion is a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27, T. 4 N, R. 26 E, B.M., whereas, the field examiner found the diversion to be two wells located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 26, T. 4 N, R. 26 E, B.M. Therefore, you are required to amend and readvertise the permit at your expense, forms for which are enclosed. A \$1.00 fee is required for recording the amendment.

Please complete the enclosed forms, signing form 11, and the amendment, returning same with any fees.

Upon completion of the amending and readvertising, your permit will be reviewed for licensing. Please contact us if we can be of any assistance.
