Dear Mr. Petts:

Returned is your check in the amount of \$5.25 which accompanied your application for permit, with the land list corrected to agree with the maps.

You enclosed a check for \$5.25 which is the fee for up to 2.0 c.f.s. You claimed 3.3 c.f.s. for which the fee is \$5.75, being the same fee for any amount over 3.0 c.f.s. up to not over 4.0 c.f.s.

Kindly send us a check for \$5.75 or return the enclosed check and the amount of the water claimed will be reduced to 2.0 c.f.s.

RE: Application for Permit

Verl S. Petts
Mackay, Idaho

Dear Mr. Petts:

Returned herewith is your application for permit with the attached check for \$5.00 you submitted.

You claim 200 miner's inches and show 128 acres to be irrigated under 12 on page 2. The maximum allowable is one inch per acre.

The point of diversion under 4, the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 34, agrees with the maps; however the maps do not show all the land to be irrigated. The 40-acres where the well is located is not included under 12. The land list shows some land, apparently, each side of the river, though our map of the area may be in error. You should show how water will be carried across the river.

Kindly show the location of the river and the number of acres to be irrigated in each 40-acre subdivision on the map. We will correct the land list under 12 as necessary. It is not necessary to cover all the land to be irrigated with ink cross hatching, just the boundary as shown in pencil on one of the maps.

Very truly yours,
