RE: Application for Permit
A. B. Hall

Idaho Land & Map Service
Box 2161
Boise, Idaho

Dear Mr. McDowell:

Returned herewith is the application for permit to appropriate public waters from Bennett and Warm Springs Creeks.

The point of diversion is shown under 4 as being in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 9 where the creek evidently enters the H. W. line of the proposed reservoir. The map does not show a ditch to carry the water around the reservoir. It would seem that the point of diversion should be in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 15 at the diversion dam.

The land list in Section 26 should be corrected to S $\frac{1}{4}$ SE $\frac{1}{4}$ to agree with the map and with the reservoir permit. The reservoir should be omitted from 8 and 9 as this is a direct flow permit.

The check for \$23.75 for the three permits and assignment should have been \$22.50. The check will be held until later when you come to this office with correct amount, or we will refund the \$1.25 overpayment.

Very truly yours,

GEO. N. CARTER
