DECREED WATER RIGHTS,

Lost River, Custer County.

In the District Court of the Fourth Judicial District of Idaho, in and for Custer County.

S. T. Moe et al.,

vs.

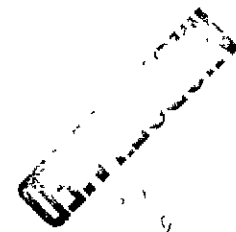

Henry Hurger et al.

In the above entitled cause, the default of the non-answering defendants having been duly entered, and said cause having been regularly tried and submitted to the court for its decision, and the court having considered the evidence and being fully advised in the premises, makes and files its findings of fact, and directs judgment to be entered in accordance therewith:

Whereupon it is ordered, adjudged and decreed as follows:

1. That each any every of the tracts of land described in the complaint, answers and cross-complaints in this action as belonging to the said several parties plaintiff and defendant herein are arid in character and will not successfully raise any agricultural crop without the use of water thereon.

2. That the quantity of water required for the successful irrigation and cultivation of said land is one inch per acre measured under a four-inch pressure, or its equivalent in cubic feet per second of time, to be measured at the point or place of diversion.

3. That each of the parties plaintiff and defendant hereinafter named were, at the times of the several appropriations of water made as hereinafter set forth, the owners respectively of the several tracts of land set forth and described in the complaints, answers and cross-complaints, and that for the irrigation of the same the said parties or their predecessors in interest did respectively appropriate the quantities of water hereinafter stated and on the dates respectively as hereinafter stated and set opposite the names of each of said parties, such water being estimated and measured under a four-inch pressure or its equivalent in cubic feet per second of time; and ever since said date of the said several appropriations, said water has been so diverted and used on said lands in the irrigation thereof.

Attention: Mr. Roy Thompson.

Dear Sir:

Several years ago Carlo Fallini filed an application for transfer of 33 inches of 9/30/1882 Alder Creek water from SE¹/₄ NE¹/₄ NW¹/₄ Sec. 18, SW¹/₄ Sec. 7, Twp. 6 N. R. 25 E. B.M. to land farther up the creek. In as much as the land was in the Big Lost River Irrigation District the District filed a protest until the matter could be more thoroughly investigated and Mr. Fallini did not press the matter so nothing more was done about it. Recently Mr. Ambrose contacted the Directors about the transfer application and the R.F.C. was contacted and permission was obtained from that organization to allow the transfer of this water so I have been instructed by the Directors of Big Lost River Irrigation District to write you that the District withdraws the protest.

Very truly yours,

Dear Mr. Ambrose:

We are in receipt of a letter from the Big Lost River Irrigation District, protesting the transfer of .66 cubic feet per second of the waters of Alder Creek from the lands to which it is now appurtenant, i.e. the SW 1/4 SE 1/4 of Section 7, W 1/2 NE 1/4 and the SE 1/4 NE 1/4 of Section 10, all in Township 6 North, Range 25 East Boise Meridian, to the SW 1/4 SE 1/4, NE 1/4 SE 1/4 and SE 1/4 SW 1/4 of Section 22, and SW 1/4 NE 1/4 of Section 23, all in Township 6 North, Range 24 East Boise Meridian, by Carlo Ballini of Mackay, Idaho.

Reason for protest given is that the lands to which the water now is appurtenant are within the Big Lost River Irrigation District, and the lands to which transfer is to be made are not within the Big Lost River Irrigation District, and that lands to which the water is now appurtenant is under bonds held by the Reconstruction Finance Corporation, and that the District cannot allow the water right to be transferred from such lands.

This department therefore cannot grant a transfer until the consent of the Reconstruction Finance Corporation and the Big Lost River Irrigation District is given.

Dear Sir:

I note that Carlo Fallini of Mackay has applied to you for a transfer of .66 cubic feet per second of water to be transferred from the SW-1/4 of Sect. 7, T-4N, R-3E, N-1E, of Section 12, Township 6 North, Range 25, N-1E.

I do not know the correct procedure to protest the transfer of this water, and I have not been able to talk with Mr. Babcock regarding it, however, I do know that the Big Lost River Irrigation District does wish to protest the transfer of this water as the water is decreed to lands within the Irrigation District and Mr. Fallini is petitioning to have it transferred to lands outside the district. The lands on which the water now is decreed is under the bonds held by the Reconstruction Finance Corporation, and of course the District cannot allow water to be transferred from such lands.

Please let me know the correct procedure to enter a protest and I will see to it that it is filed, however, for the time please consider this a protest.

Very truly yours,

Big Lost River Irrigation District.

Application for Transfer.

Dear Mr. Spofford:-

With further reference to the above application for transfer transmitted to you some time ago, Mr. Becker was in my office some days ago and stated your office wishes to have the deed to the water which is being transferred.

Accordingly, herewith is original warranty deed from Mike Munsinga and wife to Carlo Mallini, dated May 19, 1927, covering Tract No. 1, SW 1/4 Sec. 7, Twp. 14 N., R. 12 E., Sec. 15, Twp. 6 N., R. 25 E., S. 1 N., together with 95 inches of water of Alder Creek, with priority of 1892. The water right conveyed is Right No. 533 in the recent Big Lost River water decree, dated March 15, 1928, altho the right decreed is 70 inches. This deed is of record in Custer County, in Book 24 of Deeds page 118, and recorded August 11, 1927. Please return this original deed when you have noted your records.

Please have publication made in the local papers, Mackay, Idaho.
