IN THE DISTRICT COURT

OF THE FOURTH JUDICIAL DISTRICT OF IDAHO, IN AND FOR CUSTER COUNTY.

S.T. MOE et al.,
Vs.
HENRY HARGER et al.,

In the above entitled cause, the default of the non-answering defendants having been duly entered, and said cause having been regularly tried and submitted to the Court for its decision, and the Court having considered the evidence and being fully advised in the premises, makes and files its findings of fact, and directs judgment to be entered in accordance therewith:--

Whereupon it is ordered, adjudged and decreed as follows:--

1. That each and every of the tracts of land described in the complaint, answers and cross-complaints in this action as belonging to the said several parties plaintiff and defendant herein are arid in character and will not successfully raise any agricultural crop without the use of water thereon.
2. That the quantity of water required for the successful irrigation and cultivation of said land is one inch per acre measured under a four inch pressure, or its equivalent in cubic feet per second of time, to be measured at the point or place of diversion.
3. That each of the parties plaintiff and defendant herein-after named were, at the times of the several appropriations of water made as hereinafter set forth, the owners respectively of the several tracts of land set forth and described in the complaints, answers and cross-complaints, and that for the irrigation of the same the said parties or their predecessors in interest did respectively appropriate the quantities of water hereinafter stated and on the dates respectively as hereinafter stated and set opposite the names of each of said parties, such water being estimated and measured under a four inch pressure or its equivalent in cubic feet per second of time; and ever since said date of the said sever-

Re transfer of water right

Thornton C. Woodbridge,
Arco, Idaho

Sir:-

I am today in receipt of application for transfer of water right, also money order for \$1.00 fees.

I am returning you herewith the application in order that you may insert the amount of water to which you are entitled. It will also be necessary for you to file an abstract of title or a deed to the water right.

I note that in the last paragraph on page 1 of the application that you have not stated whether you intend to abandon the use of the water on the land for which it was originally intended or whether you proceed upon the decision of the Supreme Court and simply spread the water over more land.

Under separate cover I am sending you a copy of the latest biennial report of this department, on page 117 of which you will find Sec. 3264, relative to change of use of water. Please advise me whether or not this is the section under which you wish to proceed.

Very truly yours,

State Engineer.
