Important Information About Your Water Right

December 14, 2001

DE ANN N JENSEN
JAY VAUGHN JENSEN
RT 1 BOX 112
MOORE, ID 83255

Dear Water Right Claimant(s):

The reverse side of this letter contains a copy of an *Order Amending Irrigation Period of Use Element in Partial Decree, Nunc Pro Tunc* (hereinafter "*Order*") for water right number 34-00690B. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at:

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The Purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This *Order* in combination with the *Partial Decree* that was issued for this water right on April 14, 1998, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of the water right. The original of this *Order* and the original of the *Partial Decree* for this water right are on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney

Water Right 34-00690B

ORDER AMENDING IRRIGATION PERIOD OF USE ELEMENT
IN PARTIAL DECREE AND INCORPORATING INTO PARTIAL
DECREE AN EXPRESS STATEMENT REGARDING GENERAL
PROVISIONS, *NUNC PRO TUNC*

A *Partial Decree* was entered for the above-captioned irrigation water right on April 14, 1998. The period of use element was decreed as "irrigation season." In *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P.2d 568, 580 (1998), the Idaho Supreme Court remanded with the directive to include specific dates for the period of use element. Following remand, IDWR filed a *Supplemental Director's Report, Reporting Area 1, IDWR Basin 34, Regarding Revision of Period of use (For Irrigation Water Uses) and Conjunctive Management General Provisions*, which included an irrigation period of use recommendation for this water right. No objections were filed to this recommendation and the time period for filing objections has now expired.

THEREFORE, IT IS ORDERED that the period of use for the irrigation element of the above-captioned water right is hereby amended and decreed as:

PERIOD OF USE: 05-01 10-15

THE PERIOD OF USE FOR IRRIGATION DESCRIBED ABOVE MAY BE EXTENDED IN SEASONS OF UNUSUAL CHARACTERISTICS TO A BEGINNING DATE OF 04-20 AND AN ENDING DATE OF 10-31 AT THE DISCRETION OF THE DIRECTOR OF THE IDAHO DEPARTMENT OF WATER RESOURCES.

IT IS FURTHER ORDERED that the *Partial Decree* for the above-captioned water right is hereby amended and decreed to contain the following:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the court at a point in time no later than the entry of a final unified decree. I.C. section 42-1412(6).

This order is being entered *nunc pro tunc* as of the date the *Partial Decree* was issued and is not intended to modify any subsequent administrative changes for the water right, if any, which occurred following entry of the *Partial Decree*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

FOR TEMPORARY CHANGE OF A
WATER RIGHT IN THE NAME
OF 34-3724, 372B, 590A, 6904 + 690B
JAY VAUGHN JENSEN and others

ORDER AUTHORIZING
TEMPORARY CHANGE

WHEREAS, a drought emergency has been declared for BUTTE County to allow administrative actions to lessen the severe impacts of the drought conditions in the county, and

WHEREAS, section 42-222A, Idaho Code, provides that upon declaration of a drought emergency, the director of the Department of Water Resources (A Department) is authorized to allow temporary changes in the point of diversion, the place of use, and the purpose of use for valid existing water rights or temporary exchanges of water, as provided in section 42-240, Idaho Code, when the director determines that such changes can be accomplished in accordance with the provisions of section 42-222A, Idaho Code; and

WHEREAS, on 5-22-01 JAY V. JENSEN submitted the attached Temporary Change Application ("application") to the Department; and

WHEREAS, the Department has reviewed the application and has determined the application can be approved with certain conditions; and

WHEREAS, The applicant assumes all risk and is the responsible party if diversion and use of water under the temporary change approval causes injury to other water rights or constitutes an enlargement in use of the original right;

ORDER

IT IS HEREBY ORDERED that the application is APPROVED subject to the following conditions:

34-3724, 372B, 590A,

- 1 Diversion and use of right no(s) 6904 + 690B is authorized only at the point of diversion and place of use described on the application or as otherwise approved in this order.
- 2 This temporary change approval does not authorize construction of a new well as a new point of diversion
3. This temporary change approval may only be used to provide a

replacement water supply to lands or other uses that normally have a full water supply, except for the drought condition. This temporary change approval may not be used to provide water for new development or to allow expansion of the use of water under existing water rights

- 34 - 3721, 3723, 590A.
- 4 Right(s) 690A + 690B are limited to the irrigation of a total of 376 acres in a single irrigation season.
- 5 This temporary approval does not authorize the use of diversion works or a delivery system owned by or managed by a corporation or an irrigation district without the written consent of such corporation or irrigation district.
- 6 The applicant agrees to hold the director and the state of Idaho harmless from all liability on account of the diversion and use of water under this temporary change approval.
- 7 This temporary change approval does not grant any right-of-way or easement to use the diversion works or conveyance works of another person or entity.
- 8 The applicant shall measure the amount of water diverted and shall report the amount of water diverted under this approval (If this condition or a similar one is used, describe the required frequency of measurement and when and where to report the amount of measured water).
- 9 The watermaster of Water District No. 34 is authorized to administer the temporary change approval.
- 10 This temporary change approval expires on 10-15-01 unless rescinded or extended by the director. Thereafter, the water right shall revert to the point of diversion, place of use and nature of use existing prior to the temporary change approval.

Re: Mitigation Request for Water Rights 34-372A, 34-372B, and 34-690B

Gentlemen,

On June 23, 2004, the Idaho Department of Water Resources ("IDWR") received a written request from the Watermaster of Water District 34 to schedule a special meeting of the water district pursuant to Section 42-605(11), Idaho Code. The watermaster stated that the purpose of the meeting is to "address the concerns of the water users in opposition of the mitigation request for water rights 34-372A, 34-372B, and 34-690B, owned by Jack A Jensen, L Vaughn Jensen, and Jay V Jensen." The watermaster's letter advised that a meeting was held by water users on June 22, 2004, and that a majority of the users present at that meeting voted to rescind the water district advisory committee decision of June 1, 2004 to provide mitigation for the above referenced water rights. The letter further advised that a majority of the users present voted to support a request that the watermaster call for a special water district meeting.

The purpose of this letter is to formally advise you that IDWR has received the request from the watermaster calling for a special water district meeting to vote on mitigation. We also wish to advise you that as of this date, IDWR has not received any mitigation plan from the watermaster on behalf of the water district. Given the request for the special meeting, IDWR does not anticipate that the water district will submit a mitigation plan, which is an option available under the Water District 34 Water Distribution Rules.

IDWR will provide notice of a special meeting in accordance with Section 42-605(11), Idaho Code. The meeting cannot be held until 30 days after the notice is sent. IDWR is waiting on information from the water district regarding the time and location of the meeting.

The Water District 34 Water Distribution Rules allow several options of mitigation for holders of junior ground water rights when a mitigation request is made, but the rules do not require that junior ground water rights be curtailed if the water district or junior priority ground water users do not provide mitigation. Regulatory relief however may be provided pursuant to the statewide Rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11).

Please contact me directly at (208) 327-7864 if you have questions concerning this matter.

Respectfully,

RE: Change in Ownership for Decreed Water Right 34-690B

Dear Interested Parties:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. I have enclosed a map showing the lands covered by the decreed water right for your reference. The land within the dark blue line is covered by the water right. The land just outside the dark blue line in the upper right-hand corner (circled area) is the land you own and is not part of the decreed water right.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

If you have any questions regarding this matter, please call me at 208-327-7941.

Sincerely,

Kari Lynn Townsend
Secretary
