Dear Mr. Bell:

We wish to acknowledge receipt of proofs of Water to Beneficial Use and Completion of Works in connection with the above captioned Permit.

Proofs seem to be in order except the depositions of yourself and two witnesses were taken before O. T. Jones, Notary Public, on May 7, 1956, instead of May 5, as stated in the Application Notice of Publication.

What is now required to protect yourself from any illegal entanglements is an Affidavit from Mr. O. T. Jones, stating that his Office was open on the time set for hearing at 10:00 A. M., May 5, and that no person appeared to offer Protest against said proofs.

Please furnish this Affidavit that we may finish processing said Permit.

Very truly yours,

RE: Permit No. G-23835

Mr. Willard O. Bell
Route # 1
Moore, Idaho

Dear Mr. Bell:

We wish to acknowledge receipt of your proofs of Application of Water to Beneficial Use and Completion of Works on the above captioned Permit. We are returning these proofs to you for the following corrections:

Under Question 5 of the Holder, you describe your well and ditches, but say nothing about your pump. Please state kind and size of pump. This question should also be answered under question 4 on the depositions of the Witnesses.

Under Question 6 you have stated your land descriptions wrong, providing your land was stated correctly in the Permit and in the Notice of Publication. The Permit as well as the Notice of Publication states your land described as follows:

SE $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 34, Township 5 North,
Range 26 East, B. M.

Please make these corrections and return to the Department of Reclamation together with an Affidavit of Publication from the Area Advertiser, which they were instructed to send you after the last publication notice in the paper.

RE: Permit No. G-23835

Mr. Willard O. Bell
Route # 1
Moore, Idaho

Dear Mr. Bell:

We have your letter of May 14 stating that you have finished work on your well and requesting information as to what is necessary to complete the work.

Under the terms of this Permit the works were to be completed and the water applied to Beneficial Use on or before March 7, 1957.

If you are prepared to make both proofs at this time, that is in addition to the completion of the well and the installation of the pump, if the land has been completely irrigated, you can make both proofs, otherwise if the water has not yet been applied to the land no proofs are required at this time.

Please let us know if you are prepared to make these proofs and if so we shall be glad to send you the necessary forms and instructions.
