Idaho

Dear Mr. MacLerran:

I intend to make inspection as required by law in connection with your Permit No. 21572 on Thursday, August 6, 1953.

Please be prepared to accompany me on the inspection or have someone represent you who is familiar with the works.

I shall drive to the place in Section 28, Township 7 North, Range 28 East, B.M., which, I believe, is approximately 9 miles North of Howe on the Lost River. In case you wish to contact me in advance, I will probably stop at one of the motor courts or hotels in Arco on Tuesday, Wednesday and Thursday nights.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Frank L. MacLerran

Boise, Idaho, April 12, 1952

Mickey, Idaho

Dear Sir:-

Under the terms of your Permit No. 2167, you are required to complete your diversion works on or before August 1, 1952. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. A. R. RUPP

Dear Mr. MacFerran:

Thank you for your prompt response to our request that we issue Permit No. 91572 for the above.

We find that the description of your land as given in your permit application is correct, namely that you have 0.4 acres in the NE 1/4 of Section 27, and 0.6 acres in the SE 1/4 of Section 12, Township 7 North, Range 14 East, N.M.

We therefore will issue the permit as requested.

Dear Mr. MacLerran:

We acknowledge receipt of your Application for Permit to appropriate water from a well for the irrigation of $6\frac{1}{2}$ acres, accompanied by your check for the \$5.00 filing fee, for which we enclose Departmental Receipt No. 22453.

In checking the application, we note that Question 4 gives the point of diversion in the Northwest corner of Section 28, Township 7 North, Range 24 East, B.M., but the sketch map would seem to locate the point of diversion in the Northeast corner of the $SE\frac{1}{4}$ $SE\frac{1}{4}$ of this Section.

We return one copy of your sketch map on which we have noted the subdivisions which would show the well in the Northeast corner of the $SE\frac{1}{4}$ $SE\frac{1}{4}$ of Section 28. Please advise if you find this to be correct.

Dear Mr. MacLarren:

In repl. to your letter of June 2, 1950, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same.

This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under question 4 should be the legal subdivision in which the well is located.

When this application is approved, it will be signed by the proper State officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under question 13 of the application.
