Affidavit of Publication

I, GENEVIEVE M. ROSE of The Arco Advertiser,
a weekly newspaper of general circulation, published weekly at
Arco; Idaho, since March 1909, do solemnly swear that a copy
of this notice, per clipping attached, was published weekly in
the regular and entire issue of said newspaper, and not in any
supplement thereof, for FOUR consecutive weeks,
commencing with the issue dated May 14, 1949
and ending with the issue dated JUNE 4, 1949

Subscribed and sworn to before me this

day of

June, 1949

Notary Public:

Residence. Arco, Idaho.

My commission expires Sept 3, 1950

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 8th day of June, 1949, at Arco, County of Butte, State of Idaho, before A. C. Dunn, Notary Public, proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of a well in accordance with the terms and conditions of permit No. 20489 hereunto issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Herman J. Fielding, Moore, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 160 inches or 3.2 cubic feet per second.

The place where said water is used

South Half of the Southwest Quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$) of Section 23; and the North Half of the Northwest Quarter (N $\frac{1}{2}$ NW $\frac{1}{4}$) of Section 26; all in Township five (5), North of Range twenty-six (26), East of the Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is no name.

The right to take water from such works is based upon Permit No. 20489.

The source of supply from which such water is diverted is Subterranean waters from well 203 feet deep, in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23, Twp. 5 N., Range 26 E., B. M.

The date of priority which said user is prepared to establish is May 28, 1948.

Mark R. Kulp,
State Reclamation Engineer.

Priority May 28, 1948

THIS IS TO CERTIFY that HERMAN J. FIELDING
 of Moore, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated May 28, 1948; that Permit No. 20489
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
 3.2 second feet, was issued thereunder on May 10, 1949, showing that said works
 were completed on the 2nd day of May, 1949; and that on the 12th
 day of August, 1949,

HERMAN J. FIELDING

of Moore, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of subterranean flow
~~contributory~~ from a well, for the purpose of irrigation and domestic use,
 under Use Permit No. 20489 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
 8 of Licenses at page 4612, on the 17th day of July, 1950;
 The right hereby confirmed dates from May 28, 1948;

The Point of Diversion is located

in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Tp. 5 N., R. 26 E., B. M. Butte County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 1.64 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28129
PERMIT No. 20489
DISTRICT No.

1. Name of Applicant: HERMAN J. FIELDING

Postoffice address: Moore

County: Butte

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
(d) Other resources:

(a) Cash on hand: \$3,500.00
(c) Bonds to be issued:

2. Quantity of water claimed: 160 inches or 3.2 cubic feet per second.

3. Source of water supply: Subterranean from well which is a tributary of

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$
of Section 23 , T. 5 N. , R. 26 E., B.M., County of Butte

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$4,000.00

8. Kind of works: Well, pump and ditches

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Width 18 inches feet; height 3 ft. feet.

11. Ditch: Width at bottom 1 feet; width at water line 3 feet; depth of water 1 to 3 feet;
dimensions of flume: None

Diameter of pipe None inches; length of conduit my casing is 20 inches. miles.

Average grade per mile feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is Six (6) additional years

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 80 inches, 1896

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

HERMAN J. FIELDING *Applicant.*

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20489

This proof is for Beneficial use In Water District No. _____1. Name of applicant Herman J. Fielding, Moore, Idaho2. Source of water supply: subterranean from a well3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 23T. 5 N. R. 26 E. County of Butte

4. Describe works as they exist, giving dimensions and capacities of same: There is no well house, neither is there any concrete base and the surface of the ground is caved in to a depth of approximately three feet in a circular manner, four feet out from the center of the well on the South side and 28 inches from the center of the well on the North side. The well is covered with an old tub and rocks on top of the tub. There is no pump or motor and it has not been used except the year that it was put down. The well is 203 feet deep. 20 inches by 124 feet, then reduced to 16 inches and carried on down to the 203 feet depth. The well was tested at the time it was brought in, in August, 1948, at 130 inches of water. The pump was a 16" pump and powered by a 85 h.p. Minneapolis-Moline motor. The water at that time rose to approximately 18 or 20 feet from the surface of the ground and on being pumped, it had a drawdown to a 65' / 60' level.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 23; N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 26; Twp. 5 North, Range 26 East, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: This water is supplemental to a water right out of Lost River and is to be used for the late irrigation when Lost River does not furnish sufficient water.

It was used in the 1948 season for late irrigation. The pump and the motor belonged to A. J. Schoonover and Son of Burley, who had just finished drilling the well.

LOG OF WELL. 0 -24, clay; 24-40 gravel; water at 40; 40-45 gravel; 45-60 clay and sand; 60-72 gravel, clay and water; 72-80 gravel, lots of water; 80-89 sand; 89-100, coarse gravel and water; 100-124 gravel and clay, some water; 124-148 gravelly clay; 148-150 sandy clay; 150-175 semi-coarse gravel and clay; 175-180 hard clay; 180-184 gravel and sand, 184-196 coarse gravel; 196-203, clay and gravel.

24'-50', perforated. 62'-78', Perforated. 90'-146', perforated. 151'-176', perforated. 185'-201', perforated.

This examination was made on the 15th day of June, 19 50(Signed) E. M. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 20489

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We now have on file the report of our Field Engineer on examination for Beneficial Use under Permit No. 20489.

This report shows that you have irrigated 82 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 23 and N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 26, Township 5 North, Range 26 East, B.M.

Therefore, upon receipt of the statutory fee of \$8.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a License will be issued for 82 inches or 1.64 second feet of water from a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 23.

Moore, Idaho

Dear Mr. Fielding:

We have received from Mr. A. C. Dunn, Notary Public, the depositions of yourself and two witnesses, Affidavit of Publication in the Arco Advertiser and Mr. Dunn's Affidavit, all submitted in Proof of Beneficial Use under your Permit No. 20489.

Also enclosed were duplicate affidavits in Proof of Completion of Works under Permit No. 20489. However, this proof has already been made and Certificate of Completion of Works issued under date of May 10, 1949. We remind you, however, that Proof of Completion of Works on Permit No. 20490 which was due June 7, 1949 for water from a well in the SE 1/4 Section 32, Township 6 North, Range 26 West for the Irrigation of the SE 1/4 of Section 32 and the SE 1/4 of Section 33, has not been made and this Permit is held for cancellation, as per registered notice sent you on October 20, 1949.

Before final action is taken on Permit No. 20489, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

We return receipt from the Arco Advertiser for publication of notice, which no doubt you will wish to keep in your own files.

Very truly yours,

MARK J. KULP
State Reclamation Engineer

Affidavit of Publication

I, GENEVIEVE M. ROSE of The Arco Advertiser,
a weekly newspaper of general circulation, published weekly at
Arco; Idaho, since March 1909, do solemnly swear that a copy
of this notice, per clipping attached, was published weekly in
the regular and entire issue of said newspaper, and not in any
supplement thereof, for FOUR consecutive weeks,
commencing with the issue dated May 14, 1949
and ending with the issue dated JUNE 4, 1949

Subscribed and sworn to before me this

day of June, 1949

Notary Public:

Residence, Arco, Idaho.

My commission expires Sept 1, 1950

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
9 00 A M on the 8th day of
June, 1949, at Arco, County of
Butte, State of Idaho, before A.
C. Dunn, Notary Public, proof
will be submitted of the applica-
tion to beneficial use of 3.2 cubic
feet per second of the waters of
a well in accordance with the
terms and conditions of permit
No. 29489 hereunto issued by the
Department of Reclamation of
the State of Idaho.

The name and postoffice ad-
dress of the person or corpora-
tion holding said permit are
Herman J. Fielding, Moore, Ida-
ho.

The use to which said water has
been applied is irrigation.

The amount applied to bene-
ficial use is 160 inches or 3.2
cubic feet per second.

The place where said water is
used

South Half of the Southwest
Quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$) of Section
23, and the North Half of the
Northwest Quarter (N $\frac{1}{2}$ NW $\frac{1}{4}$)
of Section 26; all in Township
five (5), North of Range twenty-
six (26), East of the Boise Meri-
dian.

The name of the canal or ditch
or other works by which said
water is conducted to such place
of use is no name.

The right to take water from
such works is based upon Permit
No. 29489.

The source of supply from
which said water is diverted is
Subterranean waters from well
203 feet deep, in the SE $\frac{1}{4}$ SW $\frac{1}{4}$
Section 23, Twp 5 N., Range 26
E., B. M.

The date of priority which
said user is prepared to establish
is May 28, 1948.

Mark R. Kulp,
State Reclamation Engineer.
(May 14-June 4)

A. C. DUNN, being first duly sworn, on oath, deposes and says: That he is a duly appointed, qualified, and acting Notary Public for the State of Idaho, and that his commission as such expires September 3, 1950.

That in connection with the proof of beneficial use of water under permit No. 20489 held by Herman J. Fielding of Moore, Idaho, affiant was the Notary Public before whom such proof was designated to be made on the 8th day of June, 1949. That on said 8th day of June, 1949, said Herman J. Fielding was personally present before affiant and thereupon signed his completed deposition of holder under said proof of application of water to beneficial use. That it was impossible to conclude said proceedings of such proof on said 8th day of June, 1949, for the reason that said Herman J. Fielding was unable to secure the presence of his two required witness on said day, and it was not until August 12, 1949 that one of said witnesses, to-wit, Jim Schoonover of Burley, Idaho was able to appear and give and make his deposition in said matter; that it was not until the 27th day of July, 1949 that the other said witness, to-wit, L. E. Bitter of Arco, Idaho was able to appear and give and make his deposition in said matter. That no person appeared in opposition to said matter.

Affiant further avers that on several occasions, the said Herman J. Fielding has come into affiant's office to complete such proof by the execution of his affidavit of holder, but that on each of such occasions affiant has been busy with other matters and was then unable to take care of such matter for him. That on this 21st day of November, 1949, said Herman J. Fielding secured a definite appointment with affiant to complete said proof, and the same on said date so completed.

Subscribed and sworn to before me this 21st day of November, 1949.

My commission expires:
5-22-, 1949.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20489

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Herman J. Fielding, residence Moore, Idaho, occupation
farmer, postoffice address Moore, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 20489, date of permit June 7, 1948; priority June 7, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean waters from well; SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 5 N, R 26 EBM,
Butte County, State of Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. From a ten inch pipe from well; 160 inches being the amount of water
it is capable of conveying from point of diversion to place of use.
Private ditch used for conducting water to place of use, no name.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Purpose of irrigation. NE $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 26; and SW $\frac{1}{4}$ SW $\frac{1}{4}$ and
SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 23, Township 5, North of Range 26 East of the Boise
Meridian, there being 40 acres in each subdivision. Larger part is
cultivated. The opening up of 40 acres of additional land is the
direct result.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

20489

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. 160 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.
Ans. Have used 130 inches in the irrigation of potatoes.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.
Ans. _____

(Sign) Herman J. Tiedling

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Arco, County of Butte, State of Idaho, on this 8th day of June A. D. 1949.

My commission expires Sept. 3, 1950

PERMIT NO 20489

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Jim Schoonover, age 49, residence Burley, Idaho, occupation well driller, postoffice address, Burley, Idaho.

Ques. 2. Are you acquainted with Herman J. Fielding, the holder of Permit No 20489? How long have you known him and where does he reside?

Ans. Yes. Have known him since April 1, 1948. He resides at Moore, Idaho.

Ques. 3. Have you read or heard read said Permit No 20489, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use

Ans. Subterranean waters from well. Place of diversion on SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 23, Twp. 5, North of Range 26 East of the Boise Meridian; private ditch is used for conveying water from point of diversion to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3.2 second feet of water is my estimate said works will safely conduct to place of use. Have seen 2.6 sec. feet so conveyed.

Ques. 6. State for what purpose water is used and at what place (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation on NE $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 26; and SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 23, Twp. 5, North of Range 26, East of the Boise Meridian, being 40 acres in each subdivision. Larger part is cultivated. The opening up of 40 acres of additional land, is the direct result.

20489

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam soil, and 40 inches would be required for its
profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On August 15, ~~1948~~ 1948 I witnessed the application of 130
inches of waters from the well concerned upon 10 acres of land for
irrigation of potatoes growing thereon.

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We remind you that we have not yet received your Proofs of Beneficial Use which were advertised to be made on June 8, 1949, before Mr. A. C. Dunn, Notary Public.

If these proofs have been made, it is necessary that they be promptly transmitted to this Department if your Permit is to be continued in good standing. Otherwise, it will be necessary to readvertise and make the proofs on a later date.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20489

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

Reference is made to your letter of July 19, 1949, in regard to witnesses of beneficial use under your Permit No. 20489.

It is not necessary that these witnesses should be the drillers who tested your well, as this proof relates to the use you have made of the water, that is, the number of acres you have irrigated and so forth.

For that reason, it is likely that two of your neighbors would be better witnesses, as the drillers can, perhaps, only testify as to the capacity of the well.

Very truly yours,

MARK R. KULP

2011

Boore, Idaho
July, 18, 1943

Dear Mr. Kulp,

I received your letter recently in regards to me having my two witnesses sign later and when I do to have the Attorney who has been handling the filing for me to send a sealed statement that there was no one who was there June 8th to protest this filing.

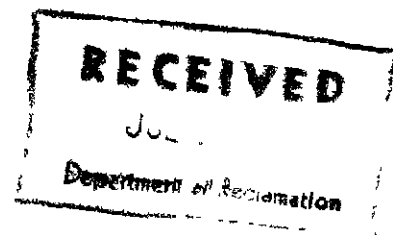

I have informed him of this request of which he said that he would.

In regards to the two witnesses, I have called Jim Schoonover at Burley and he is working in this country and said he would be happy to stop and sign as a witness but his other driller which witnessed this test is now employed elsewhere and is residing at Paul Idaho.

In order to expediate this matter would it be possible to have this man sign before a notary there at Paul. I have no doubts as to whether he could leave his work to make this trip. This is only a suggestion and you may have other thoughts that would work as well,

Sincerely yours,

Harmon F. Fielding

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, May 28, 1949

Re: Permit No. 20489
Herman I. Fielding (H. I. Fielding)

Mr. A. C. Dunn
Notary Public
Arco, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 20489.....

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On June 8, 1949....., the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at.....
Arco, Idaho..... before A. C. Dunn, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

MARK H. HULP

Re: Permit No. 20489

Mr. Norman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We enclose Certificate of Completion of Works issued under your Permit No. 20489 for the diversion of 3.2 second feet of water from a well a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23, Township 5 North, Range 26 East, B.M., for irrigation and domestic use on the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23, and the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 26, same Township and Range. We also enclose Departmental Receipt No. 21486 for the \$5.00 fee paid by you in connection with Completion of Works Proof.

We have sent to the Arco Advertiser, Notice of Beneficial Use Proof to be made under this Permit on June 8, 1949, with instructions to publish it once a week for four consecutive weeks, prior to that date, and to send you the Affidavit of Publication, together with statement of costs.

About ten days prior to the date set for proof, we shall send the Notary Public, Mr. A. C. Dunn, of Arco, the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses so that he may have them in ample time for the proof.

At the time set, you should appear before Mr. Dunn, together with two disinterested witnesses who are familiar with the terms of your Permit and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 8th day of June, 19 49,
at Arco, County of Butte, State of Idaho, before
A. C. Dunn, Notary Public, proof will be submitted of the
application to beneficial use of 3.2 cubic feet per second of the waters of a well
in accordance with the terms and conditions of Permit No. 20489
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Herman J. Fielding, Moore, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 160 inches or 3.2 cubic feet per second.

The place where said water is used ~~is for irrigation, give full and accurate description of the~~
~~lands irrigated~~ South Half of the Southwest Quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$) of Section 23; and the
North Half of the Northwest Quarter (N $\frac{1}{2}$ NW $\frac{1}{4}$) of Section 26; all in Township five (5),
North of Range twenty-six (26), East of the Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is no name.

The right to take water from such works is based upon Permit No. 20489

The source of supply from which such water is diverted is Subterranean waters from
well 203 feet deep in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23, Twp. 5 N., Range 26 E., S. .

The date of priority which said user is prepared to establish is May 28
June 24, 1948.

MARK R. KUIP
State Reclamation Engineer.

Re: Permit No. 20489

Arco Advertiser

Arco, Idaho

Gentlemen:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to June 8, 1949, the date set for proof, the expense of the publication to be paid by the applicant, Herman L. Fiebling of Moore, Idaho, to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice, and furnish this office with a copy of the first publication.

Very truly yours,

MARK R. KUIP

State Reclamation Engineer

By

Chief Clerk

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) May 2, 1949

(P. O.) Moore, Idaho

STATE RECLAMATION ENGINEER
TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Arco Advertiser of Arco, Idaho, published in
the county in which the works are situated.

Harmon F. Teal

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20489

Permit No. 20489

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works RECEIVED

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Butte

SS.

Department of Reclamation

Herman J. Fielding, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 20489, and that his postoffice address is Moore State of Idaho

Second: That the name of the stream which said water is to be directed is well

Third: That the point of diversion of said water is in the Southeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$), Sec. 23, Twp. 5, North of Range 26 E. B. M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 7, 1949

Fifth: That the use for which said water is intended is irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(complete)~~ fully completed and consisted of the following:

I. Kind of works: Well, ditch and pump
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

Well 203 feet deep, fully cased with steel casing, 20" down to 124 feet, and 16" from 124 feet to bottom (State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line (State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 3.2 cu. feet per second of water, or 160 inches.

Eighth: That water appropriated under said permit is available for 160 acres of land described as follows: South Half of the Southwest Quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$) of Section 23; and the North Half of the Northwest Quarter (N $\frac{1}{2}$ NW $\frac{1}{4}$) of Section 26; all in Township five (5), North of Range twenty-six (26), East of the Boise Meridian.

Ninth: Remarks: That

Herman J. Fielding
(Sign Here)

Subscribed and sworn to before me this 2nd day of May, 1949

My commission expires Sept. 3, 1950.

[Signature]
Notary Public.

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Herman J. Fielding

Boise, Idaho April 1 1949

Moore, Idaho

Dear Sir:-

Under the terms of your permit No. 20489-----you are required to complete your diversion works on or before June 7, 1949----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MA K R. KULP

State Reclamation Engineer

20489

January 12, 1949

Re: Permit No. 20489

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We are in receipt of your letter of January 10 in which you state that you wish to complete your proofs on Permit No. 20489.

The proof of completion of works should be made on Form 6, enclosed, and executed by you before a Notary Public and returned to this Department with the fee of \$3.00.

The notice required in connection with proof of beneficial use is sent to the newspaper by this office with instructions in regard to publishing. The notice should be made out in duplicate on Form 10, enclosed, setting the time sufficiently far ahead to allow for the four weeks publication and naming the Notary Public before whom the proof is to be made. Both copies of Form 10 are to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the county newspaper which you designate. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

M. K. R. KULP
State Reclamation Engineer

3.20.75 - 15.00 Co.
filed 5-28-48

Moore, Idaho
January 10, 1948

Dear Mr. Kulp,

My well no 20489 permit application no 28129 was completed last September and I wish to finish my filing.

I was informed by one of your letters of instructions to advertise my filing in a local paper. Would you suggest some form to use in this publication.

The success of my well was not as well as I would like and I hope that circumstances will not force me to use it due to its expense.

I drilled to 194 ft, water starting 21 ft from the top of the ground and we pumped it dry in 45 seconds time after time. We drilled to 203 and found a strata of gravel 134 to 196ft which produces a stream of 130 inches. I have an approximate draw down of 75 ft.

I see where there is little to be concerned about an over abundant of wells being drilled in Lost River Valley. When my well is completely equipt with the power it takes to run it there will be very near the equal valuation in my well that there is in the farm itself before the well was drilled. This is not counting the exorbitant expense of operation after the pump is turned on.

It will serve the purpose for which it was drilled and that is, that at any time I need an extra irrigation on the end of a season I will not lose my crop for the lack of water. This would be the only reason why any well would be drilled here. So far as robbing sub water I have nearly two hundred feet of clay gravel to draw water thru and it seems that pumping this water on top would help bring that water back up in the sub.

I trust that any legislation that may be acted upon will be in justice and for the betterment of all concerned.

Sincerely yours

Herbert J. Fielding

Re: Applications Nos. 28129 and 28130

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We acknowledge receipt of your letter of May 24th, enclosing two applications for permit to appropriate water from wells, the one to irrigate 160 acres of land, and the other 98 acres.

The proper filing fee on the 160 acres is \$5.75, and on the 98 acres, \$5.25. We enclose Departmental Receipts Nos. 20656 and 20657, for these amounts, and as both checks were for \$5.75, there is a refund of 50 cents, which we enclose.

The applications are returned herewith, in order that you may complete same, by answering questions 10 and 11, or as much thereof as is applicable. You need not wait until the works are completed to do this, as that information, as approximately correct as you can give it, is necessary in order for the permit to be approved.

As mentioned in office letter addressed you on May 12th, when the works are completed proof of such completion is required, and then you can give the exact dimensions of the ditches, etc. Question 12 of the application should state the time required for the works to be completed.

Please complete and return these applications, and when approved they will be returned to you as use permits, authorizing you to proceed with the necessary construction work.

Very truly yours,

MARK R. KUIP
State Reclamation Engineer

Moore, Idaho
May 24, 1948

Dear Mr. Kulp,

Please find enclosed a check for \$5.75 to cover 160 inches of water applied for and the questions answered as nearly as I can until the well is completed.

Mr. Schoonover will commence drilling in the morning and as soon as I receive the papers back I will complete the papers as he finishes the job.

Sincerely yours,

Herman J. Fielding
Herman J. Fielding

P.S. I am not sure of the charge whether each well is figured different or all water is based on 1000 in 210 at 100 ft and .25 per each additional 100 ft. I am enclosing sufficient and so procedure may go forth -

1

May 12, 1948

Mr. Herman J. Fielding
Moore, Idaho

Dear Mr. Fielding:

We are in receipt of your letter of May 10, 1948, in which you state that you wish to make application for water from two wells as described in the letter and on the plat enclosed.

We have partially made out two applications which we enclose herewith to be completed by you as follows:

- (1) Fill in Question 2 as to quantity of water claimed. The maximum allowed by statute for irrigation is one-inch per acre.
- (2) Answer Question 7 and such parts of Question 11 as are applicable.
- (3) Sign the applications on the line indicated on the third page.

Each application should be accompanied by the statutory fee at the rate of \$5.00 for the first second foot (or 50") and twenty-five cents for each additional second foot or fraction thereof.

When these applications are approved they will be signed by the proper State Officials and sent you as use permits under which you may proceed with the construction of the work described in the applications. In order to complete your water right two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

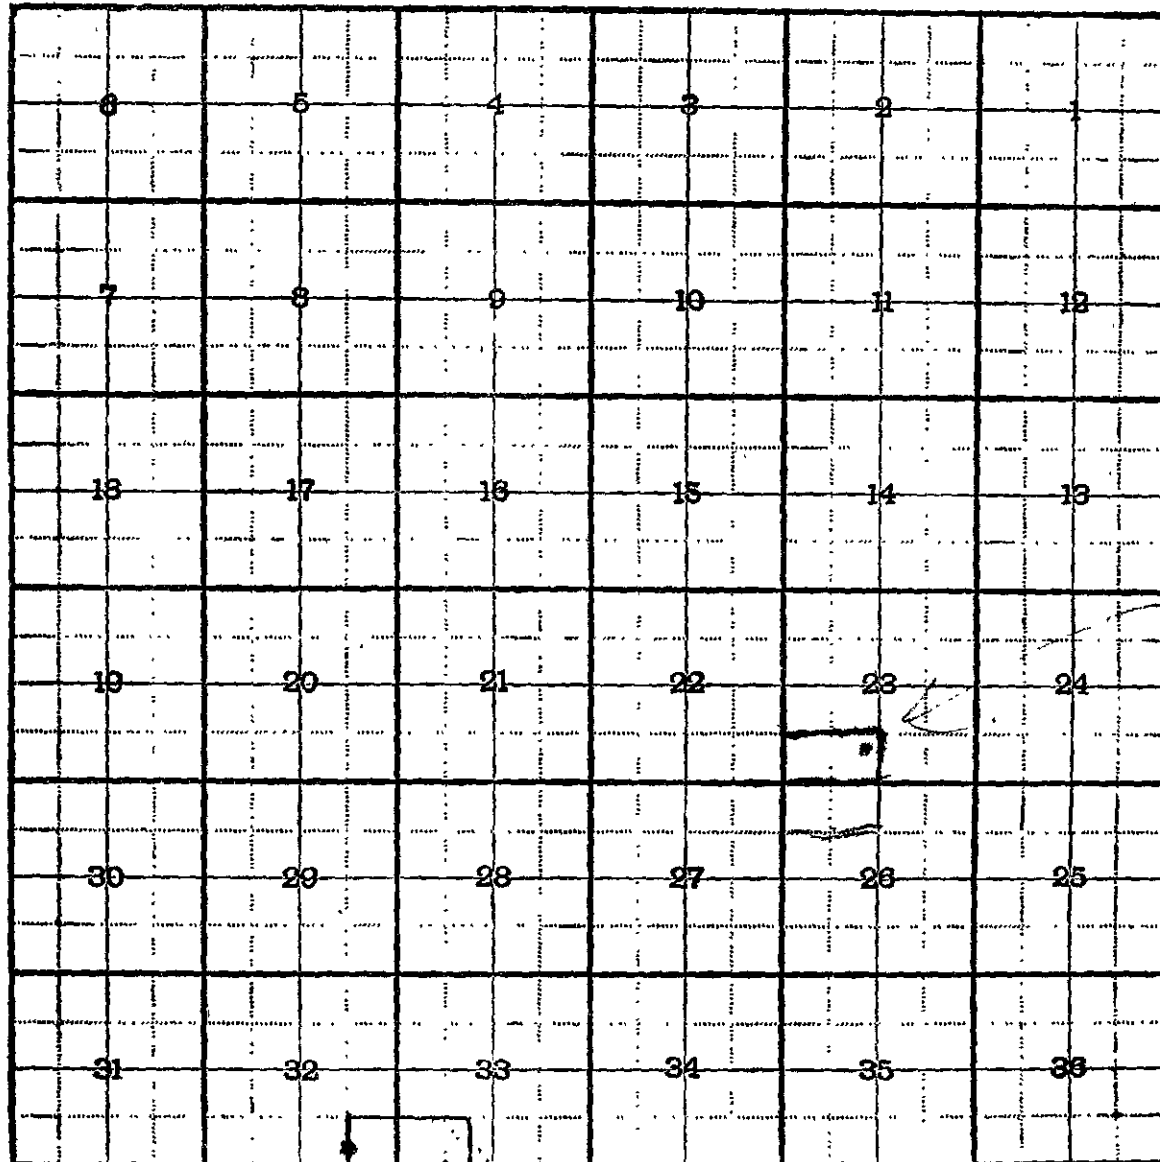

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Moore, Idaho
May 10, 1948

Dear Mr. Culp
or Mr. Thompson,

I wish to make application for two wells for irrigation purposes which are or will be drilled on the described property below, and which is shown on the township plat.

I want one well drilled on the place with this description 26
S/2 of S/W / 4 of Section 23 Township 5 range
N2 NW4 of Sec 26 Township 5N Range 26
The well will be drilled quarter designated by the plat.

The other well will be drilled on SE 4 of the SE4 sec.32 6N 26
SW4 of SW4 Sec 33 6N 26

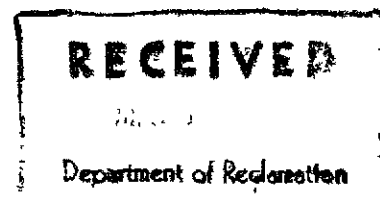

The dot designated on the plat is where the well will be drilled

It is quit likely the well on 32 & 33 will begin in about five days and this well will serve this 98 acres and for the time being serve Ensign call's place of which description you have in his application.

It will probabl be wise to hear from you on this application before I start drilling so I hope I have given you all the necessary information so procedure may begin immediatley

Sincerely yours,

Herman J. Fielding
