Important Information About Your Water Right

January 18, 2002

Rt 1 Box 35

Dear Water Right Claimant(s)

This letter accompanies a copy of an *Order Amending Irrigation Period of Use Element in Partial Decree, Nunc Pro Tunc* (hereinafter "*Order*") for water right number 34-372B. According to Idaho Department of Water Resources (IDWR) records, you are the current owner of this water right. If you are not the current owner, please contact IDWR immediately at.

Idaho Department of Water Resources
1301 North Orchard
Boise, ID 83706
800-451-4129

The purpose of the *Order* is to set forth beginning and ending dates for the irrigation period of use for this water right. As stated in the face of the *Order*, this action was necessary following the decision of the Idaho Supreme Court in *A&B Irrigation Dist. v. Idaho Conservation League*, 131 Idaho 411, 423, 958 P 2d 568, 580 (1998). This *Order* also incorporates into the *Partial Decree* an express statement that the *Partial Decree* is subject to such general provisions necessary for the definition or for the efficient administration of the water right. This express statement is necessary to comply with the requirements of Idaho Code section 42-1412(6). This *Order*, in combination with the *Partial Decree* that was issued for this water right on December 31, 1997, sets forth all of the elements of your water right. The Snake River Basin Adjudication (SRBA) Court suggests that you keep this document in a safe location together with a copy of the *Partial Decree* to show evidence of this water right. The original of this *Order* and the original of the *Partial Decree* for this water right are on file with SRBA Court. If you do not have a copy of the original *Partial Decree*, one can be obtained by contacting the SRBA Court at (208) 736-3011. Please note that the *Order* is entered *Nunc Pro Tunc*, meaning that the *Order* will be treated as if it were issued on the same date that the *Partial Decree* was originally issued.

Sincerely,

Diana Delaney

Re: Mitigation Request for Water Rights 34-372A, 34-372B, and 34-690B

Gentlemen,

On June 23, 2004, the Idaho Department of Water Resources ("IDWR") received a written request from the Watermaster of Water District 34 to schedule a special meeting of the water district pursuant to Section 42-605(11), Idaho Code. The watermaster stated that the purpose of the meeting is to "address the concerns of the water users in opposition of the mitigation request for water rights 34-372A, 34-372B, and 34-690B, owned by Jack A Jensen, L Vaughn Jensen, and Jay V Jensen." The watermaster's letter advised that a meeting was held by water users on June 22, 2004, and that a majority of the users present at that meeting voted to rescind the water district advisory committee decision of June 1, 2004 to provide mitigation for the above referenced water rights. The letter further advised that a majority of the users present voted to support a request that the watermaster call for a special water district meeting.

The purpose of this letter is to formally advise you that IDWR has received the request from the watermaster calling for a special water district meeting to vote on mitigation. We also wish to advise you that as of this date, IDWR has not received any mitigation plan from the watermaster on behalf of the water district. Given the request for the special meeting, IDWR does not anticipate that the water district will submit a mitigation plan, which is an option available under the Water District 34 Water Distribution Rules.

IDWR will provide notice of a special meeting in accordance with Section 42-605(11), Idaho Code. The meeting cannot be held until 30 days after the notice is sent. IDWR is waiting on information from the water district regarding the time and location of the meeting.

The Water District 34 Water Distribution Rules allow several options of mitigation for holders of junior ground water rights when a mitigation request is made, but the rules do not require that junior ground water rights be curtailed if the water district or junior priority ground water users do not provide mitigation. Regulatory relief however may be provided pursuant to the statewide Rules for Conjunctive Management of Surface and Ground Water Resources (IDAPA 37.03.11).

Please contact me directly at (208) 327-7864 if you have questions concerning this matter.

Respectfully,

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Department of Water Resources

To: Transf # 5673
From: H. W. Jones

I had advised the applicant that the cfs amount was listed originally as 1.60 cfs for 80 acres and if he was keeping 56 acres then he would only get a prorated amount. He insisted on keeping the 1.60 cfs on the transfer. As you can see from the diversion description there is several ditches that have to be traversed before getting to the place of use. I can easily see the ditch losses being substantial. Perhaps on this basis we can approve the 1.60 cfs.
