Dear Sir:

I herewith enclose application for transfer of water right from parts of Sections 18, 19, 20, and 21 of Twp. 9 N. R. 22 E. to part of Section 29, same Twp and Range.

The reason for this transfer is that we are selling the lands in the first named Sections for pasture lands. The water decreed to these lands have been used on Section 29 along with the remainder of the water decreed to J. B. Hunter, since the water is insufficient to irrigate all of the lands to which it is decreed. By concentrating the water we are able to make some crops on Section 29, whereas if the water were scattered, very little crop would be made on either place.

I will appreciate it if you will please have this matter advertised and taken through the regular procedure and send me a bill for the expense.

Yours very truly,
