WATER RIGHT LICENSE

License of Water Right No. 18152/34-2261 Priority May 17, 1936 Amount 0.022 cfs

THIS IS TO CERTIFY, that LAWRENCE GOFF
of Mackay, Idaho, has complied with the terms and conditions of Permit
No. 18152/34-2261 issued pursuant to Application for Permit dated July 22, 1935,
and has submitted proof to the Department of Water Resources on May 28, 1943 (late proof),
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.022 cfs of water from an unnamed spring,
tributary to Slaughter House Creek, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.022</u> cfs and	<u>1.2 acre feet</u>
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 0.022 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
1.2 acre feet per year, said waters to be diverted within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 11,

The issuance of this license in no way grants any right-of-way or easement across
the land of another person.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 19 day of

Re: Permit No. 18152

Mr. Lawrence Goff
Mackay, Idaho

Dear Mr. Goff:

We now have on file the report of our Field Engineer on examination for beneficial use under your Permit No. 18152, covering a spring in the NW 1/4 SW 1/4 Section 11, Township 6 North, Range 24 East, B. M.

This report shows considerable discrepancy between the amount of water claimed in your proof of beneficial use and the amount now being used.

There is also a question as to whether or not this Department can issue a license on this water, without a written agreement between you and the Grazing Service, due to the fact that the spring is on land which had previously been withdrawn as Public Water Reserve No. 97, on November 19, 1925.

We note that it has been agreed between yourself and Mr. L. R. Nadeau of the Grazing Service that the spring would be further developed, fenced, and sufficient water for stock purposes be piped outside to watering troughs.

No final action will be taken in the matter until this has been done, and another examination has been made and report filed as to the actual amount of water the works will deliver.

Very truly yours,

MARK R. KULP

SUBJECT Permit 34-2261 - Lawrence Goff

Ran across this one when wading through Basin 34 and really don't know what to do with it! Am forwarding the field exam made in July, 1944, along with the "last correspondence" of 2/1/45.

I could pre-can for "failure to show adequate proof of beneficial use of water", but thought perhaps we should visit the area first to see what, if anything, is being done with the spring in question.

If you need any ~~further~~ further info from the file or have any better idea or suggestion for this one, please let me know. (Will need the attached 'original' papers returned for our file)

NOTICE FOR PUBLICATION

NOTICE OF PROPOSED APPLICATION
OF WATER TO BENEFICIAL USE

18152
Notice is hereby given that at 10 A. M. on the 28th day of May, 1943, at Mackay, County of Custer, State of Idaho, before George L. Ambrose, Notary Public, proof will be submitted of the application to beneficial use of 0.5 cubic feet per second of the waters of a spring, which is tributary to Slaughter House Creek in accordance with the terms and conditions of Permit No. 18152 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Lawrence Goff, Mackay, Idaho.

The use to which said water has been applied is Irrigation and Domestic Use.

The amount applied to beneficial use is 0.5 cubic feet per second.

The place where said water is used (if for irrigation give full and accurate description of the lands irrigated) SW $\frac{1}{4}$ SE $\frac{1}{4}$ (10 acres), SE $\frac{1}{4}$ SE $\frac{1}{4}$ (2 acres), Section 2; NE $\frac{1}{4}$ NE $\frac{1}{4}$ (15 acres), NW $\frac{1}{4}$ NE $\frac{1}{4}$ (6 acres) SW $\frac{1}{4}$ NE $\frac{1}{4}$ (7 acres) Section 11, all in Township 6 North, Range 24 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is a Private Ditch.

The right to take water from such works is based upon Permit No. 18152.

The source of supply from which such water is diverted is a spring, which is tributary of Slaughter House Creek.

The date of priority which said user is prepared to establish is July 22, 1935.

ADDRESS REPLY TO

March 27, 1944.

Mr. James Spofford, Engineer,
State Department of Reclamation,
Boise, Idaho.

Dear Mr. Spofford:

This letter is confirmation of discussion with you this morning regarding a water filing of Lawrence Goff at Mackay, Idaho, on the spring located in the NW¹/₄SW¹/₄ of sec. 11, T. 6 N., R. 24 E.

The records of the Blackfoot Land Office shows that the NW¹/₄SW¹/₄ sec. 11, T. 6 N., R. 24 E., was withdrawn as Public Water Reserve No. 97 on November 19, 1925. The records of your office show that Mr. Goff made application in 1935 and submitted proof in April 1943 for 0.5 second feet of water to be used for domestic and irrigation purposes in the northeast quarter of said section 11. Your records also show that while permit has not been issued, there is pending a field examination of the irrigated areas.

It is suggested that your field engineer Tolman contact District Grazier Leon R. Nadeau at Idaho Falls, where joint inspection of this spring development be made by Mr. Goff. As stated by you it is probable that this field examination could be made during the month of May, and I am sure Mr. Nadeau could arrange to meet Mr. Tolman at Mackay during that month.

Dear Roy:-

Reference is made to the above permit and to the letters of your office of date June 2 and June 25.

I have finally gotten to a reply to these letters. I have apparently misplaced your office letter of June 2. I have the letter of June 25 in my file, but I am unable to learn from it what your office wants. There seems to be some question about the description of the land. I have checked the description as advertised with that given in the Certificate of Completion of Works and they correspond. Upon receipt of reply as to just what your office wants, I will write promptly. With kind personal regards.

Dear Mr. Ambrose:

Please refer to office letter of June 2nd, 1943,
in reference to land description in connection with
Permit No. 18152 in the name of Lawrence Goff.

We cannot proceed further with the field examination
or approval of this permit until we have definite
information as to the correct description of the land
irrigated.

We shall appreciate it if you will check into this
matter at your early convenience, and advise us as
to your findings.

Thanking you for your cooperation, we are

Mr. George L. Ambrose
Attorney at Law
Mackay, Idaho

Dear Mr. Ambrose:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of publication from the Mackay Miner, all in connection with beneficial use proof under the above numbered permit, in the name of Lawrence Goff.

In checking the land description in the depositions, as well as in the publication notice which you sent in, we find that it includes seven acres in the SW¹ NE¹ Section 11, Township 6 North, Range 24 East, whereas in the original permit these seven acres are described as being in the SE¹ NE¹ of this section.

A further search of our files on this permit discloses that in correcting the land description given in completion of works proof, you asked this Department for the description shown on the permit, and through a typographical error this seven acres was described as in the SW¹ NE¹ instead of the SE¹ NE¹ of Section 11, and the Certificate of Completion of Works was made out accordingly.

Please have the location of these seven acres carefully checked on the ground, or with any deed or other instrument your client may have showing the exact location. Because, if they are located in the SE¹ NE¹ and the publication described the SW¹ NE¹ it may be necessary to re-advertise.

Very truly yours,

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 28th day of May, 1943, at Mackay, County of Custer, State of Idaho, before George L. Ambrose, Notary Public, proof will be submitted of the application to beneficial use of 0.5 cubic feet per second of the waters of a spring, which is tributary to Slaughter House Creek in accordance with the terms and conditions of Permit No. 18152 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Lawrence Goff, Mackay, Idaho.

The use to which said water has been applied is Irrigation and Domestic Use.

The amount applied to beneficial use is 0.5 cubic feet per second.

The place where said water is used (If for irrigation give full and accurate description of the lands irrigated) SW $\frac{1}{4}$ SE $\frac{1}{4}$ (10 acres), SE $\frac{1}{4}$ SE $\frac{1}{4}$ (2 acres), Section 2; NE $\frac{1}{4}$ NE $\frac{1}{4}$ (1 $\frac{1}{2}$ acres), NW $\frac{1}{4}$ NE $\frac{1}{4}$ (6 acres) SW $\frac{1}{4}$ NE $\frac{1}{4}$ (7 acres) Section 11, all in Township 6 North, Range 24 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is a Private Ditch.

The right to take water from such works is based upon Permit No. 18152.

The source of supply from which such water is diverted is a spring, which is tributary to Slaughter House Creek.

The date of priority which said user is prepared to establish is July 22, 1935.

JAME SPOFFORD,

State Reclamation Engineer.

PERMIT NO. 18152

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James C. Lambert, age 21, residence near Mackay, Idaho.
occupation, ranching and livestock, P.O. Address, Mackay, Idaho

Ques. 2. Are you acquainted with Lawrence Goff, the holder of Permit No. 18152? How long have you known him and where does he reside?

Ans. Since 1930, and he lives on his ranch near Mackay, Idaho

Ques. 3. Have you read or heard read said Permit No. 18152, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of this permit is a spring, which is a tributary of Slaughter House Creek. The works are good, consisting of about 4000 feet of galvanized pipe, which connects with 400 feet of 1 inch galvanized pipe to house and land of holder. Cement dam at point of diversion

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 40 inches

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water has always been used for irrigation and house use.
water has been used to irrigate about 10 acres on the SW $\frac{1}{4}$ SE $\frac{1}{4}$, 2 acres on the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 2, and 15 acres on the NE $\frac{1}{4}$ NE $\frac{1}{4}$, 6 acres on the NW $\frac{1}{4}$ NE $\frac{1}{4}$, and 7 acres on the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 11, Twp. 6 N., R. 24 E., B.M., which is land above the Darlington Ditch. Land is cultivated land of fine quality and raises good crops with minimum amount of water. Mr. Goff has built a home on his land, piped this water into his house, planted fruit trees and bushes, built a house and other farm buildings, and cleared and cultivated the above acres of land

18152

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Water not used for power but is used for house use.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is of fine quality and has been put into good state of cultivation. At least 40 inches of water from this source has been used on the land and such amount is necessary for profitable cultivation of the land.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Each year since 1935 when he first built his diversion works. He used water each year since then and has gradually each year increased his use of water. At least 40 inches of water used continuously for irrigation during the irrigation season, and water for house use has been continuously thruout the year.

PERMIT NO. 18152

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ira C. Lambert, age over 21, residence near Mackay, Idaho, occupation ranch and livestock, P.O. Address, Mackay, Idaho

Ques. 2. Are you acquainted with Lawrence Goff, the holder of Permit No. 18152? How long have you known him and where does he reside?

Ans. I have known him about 18 years. He resides on his ranch near Mackay, Idaho

Ques. 3. Have you read or heard read said Permit No. 18152, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source is a spring which is a tributary of Slaughter House Creek. Diversion works consist of a cement dam and small reservoir which has connected with it a two inch galvanised pipe line for over 4000 feet, and about 400 feet of 1 inch galvanized pipe from that point to ranch of holder, Lawrence Goff. Works well made and in good shape and would cost, not counting the labor, at least \$2500.00

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.8 cubic feet per second, or 40 inches, and probably a little more in flood season

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For irrigation and domestic purposes and used on his ranch. 10 acres on the SW $\frac{1}{4}$ SE $\frac{1}{4}$, 2 acres on the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 2, and 15 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, 6 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and 7 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 11, Twp. 6 N., R. 24 E., B. M., being the land above the Darlington Ditch -- Cultivated land. Good house and outbuildings built, garden and land cultivated in crops of fruit trees, shrubs, etc. Mr. Goff has spent a lot of money in improvements which he would not have made except for the use of this water.

18152

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Water used for domestic purposes but not power.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is extra good soil with minimum amount of water and about 40 inches, or 0.8 cubic feet per second has been used each year since 1935. Good crops raised

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest at all in the land or works.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The water was first used for house use in the fall of 1935, and the use has increased each year until the above amount of water has been used and is now being used on the land for irrigation and domestic purposes. Mr. Goff has done a good job on this permit

Mr. George L. Ambrose,
Attorney at Law,
Mackay, Idaho.

Dear Mr. Ambrose:

In reply to your letter of July 23rd, in regard to
above numbered permit.

The Permit describes the land to be irrigated as
follows:

Twp. 6 N., Range 24 E.--	Sec. 2-	SW $\frac{1}{4}$ SE $\frac{1}{4}$	(10 acres)
		SE $\frac{1}{4}$ SE $\frac{1}{4}$	(2 acres)
	Sec. 11-	NE $\frac{1}{4}$ NE $\frac{1}{4}$	(15 acres)
		NW $\frac{1}{4}$ NE $\frac{1}{4}$	(6 acres)
		SW $\frac{1}{4}$ NE $\frac{1}{4}$	(7 acres)
	Total -	-	<u>40 acres.</u>

The Affidavit for proof of completion of works describes
the land as 120 acres described as follows: That part of the
SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 2, and that part of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 11, lying
south of the Rodgers Ditch, and the NE $\frac{1}{4}$ of the S $\frac{1}{2}$ of the NE $\frac{1}{4}$
Section 11, All in Twp. 6 N., Range 24 E., B.M.

Lawrence Goff.

Dear Mr. Spofford:-

Your letter of July 2nd to Goff is referred to me for reply. Will you please send me the description of the land in the affidavit for proof of completion of works. I think it was the intention of this affidavit to cover the same land as described in the permit. If there has been an error it can be corrected. If you will send me the description, this can be determined. Thank you.

Yours very truly,

Re: Permit No. 18152

Mr. Lawrence Goff,
Mackay, Idaho.

Dear Sir:-

We acknowledge receipt of your Affidavit for Proof of Completion of Works under the above numbered permit; also the \$5.00 fee, for which we enclose our Departmental Receipt No. 17458.

We note that your land description in this affidavit differs from the description in the permit itself which describes the land as follows: SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2 (10 acres), SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2 (2 acres), NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11 (15 acres), NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11 (6 acres), SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 11 (7 acres)- or a total of 40 acres.

We are, therefore, enclosing a form of application for amendment, which you may execute and return to this department, if you wish to have your landlist changed in accordance with your affidavit of completion of works proof.

Very truly yours,

JAMES SPOFFORD

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Lawrence Goff
Mackay, Idaho

Boise, Idaho, June 4, 1940

Dear Sir:—

Under the terms of your permit No. 18152 you are required to complete your diversion works on or before August 2, 1940. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

JAMES SPOFFORD

Commissioner of Reclamation.

Re: Application for Permit

MR. GEORGE L. AMBROSE,
Attorney at Law,
Mackay, Idaho

Dear Sir:

The above application for permit to appropriate 0.8 of 1 second foot of water was received in this department under date of July 22nd, accompanied by your check in the amount of \$1.00.

In checking over the application, I find that the source of supply is given in the application as Slaughter House Creek and shown on the plats as a spring. I am inclined to think that what you intended to show was that the water would be diverted from a spring which is tributary to Slaughter House Creek. Will you kindly reconcile the application with the plats.

Under paragraph 11, kindly give the diameter of the pipe which will be use and under paragraph 14, estimate the number of acres in each forty acre tract which will be irrigated with this water. This list will have to include a total of 40 acres in order for the applicant to file on 0.8 of 1 second foot of water.

The correct filing fee for this application is \$5.00, since the basis for computing filing fees was changed in 1929.

We are herewith returning the application and also your check.
