Mr. Lynn Crandall,
Mackay, Idaho.

Dear Sir:-

Referring to your letter of the 15th inst. relative to proof under the above permit would say that any one wishing to protest against proof under this permit should file written affidavits in this office, setting forth their objections. These should be in prior to or on the date set for making the proof, which is April fifth. After the depositions of holder and witnesses have been received, the affidavits both for and against the proof will be taken under consideration and, if it is deemed advisable to have a further hearing before a representative from this office, a day will be set and both sides notified of such hearing. No action, however, will be taken on the proof until the report of our examining engineer is filed.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

In further reference to the matter of the permit to appropriate the waters of Grant Creek, which permit is now in the name of Victor Vance, Mr. Vance advises me that he is now desirous of making final proof of the application of this water to beneficial use, so that he can secure a licensed right. If there are specific forms that you desire to be filled out by Mr. Vance preliminary to publication of intention to make this proof, I wish that you would send them to me, and I will see that they are filled out and sent to you.

16081

In the matter of the proof of application of water to beneficial use to be made by T.C. Young at Arco on April 5th, I am advised that certain other water users on the stream are objecting to the granting of a right to Mr. Young. What form should their objections take? Should they appear at the above advertised hearing with attorney and enter their objections, or should such objections be forwarded in the form of a communication to you.

Very truly yours,

Lynn Crandall

Dear Sir:-

Referring to your letter of the 20th would say that the enclosed blank should be filled out, as to date, and place and name of officer before whom you will make proof, and mailed back to this office. A copy will then be mailed to the paper, to be designated by you, for the required four weeks publication. The holder is required to pay publication fees hence a statement will be mailed to you by the paper publishing the notice.

Deposition blanks, one for holder and one each for two witnesses, will be mailed to the notary public, or other officer before whom proof is to be made.

I am enclosing papers of
completion of work on dam and ditch.
Would like to get my papers for the
water as soon as possible, I put the
water on the land Aug the 18th.
I don't think that Mr. Salt got the
completion of complete as he states that
it is a flume to carry the water all the
way when the flume only reaches 112
feet and the rest is a dirt ditch with
the exceptions of two wood culverts.

Hoping this will be satisfactory

Boise, Idaho, June 3, 1925

Dear Sir:—

Under the terms of your permit No. ~~16081~~ you are required to complete your diversion works on or before . . . ~~Sept. 5, 1925~~ enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
