Victor Vance being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 15668.

That he intends to change the point of diversion, as described in said permit, to the following point: NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20, T. 8 N, R. 21 E.

That such change will be made for the following reasons, to-wit: When filing was first made it was intended to irrigate 160 acres but later it was decided to irrigate only 40 acres which made it possible to move the point of diversion further down stream.

That no one will be injured by such change and that deponent will make such change at his own risk. And further deponent saith not.

Re: Permit #15668

Mr. Victor Vance
Mackay, Idaho

Dear Sir:-

In checking the report of our examining engineer on proof of beneficial use of water under the above numbered permit, we find that the point of diversion has been changed since the permit was issued from the Southwest quarter of North-east quarter of Section 29, to the Northwest quarter of Southeast quarter of Section 20, Township 8 North, Range 21 East, B. M. In order to correct the records in this case it will be necessary for you to file an affidavit for change of point of diversion, such affidavit to be accompanied by maps in duplicate, blanks for which are herewith inclosed. Upon receipt of this affidavit, together with fees in the sum of \$2.00, the license will be issued you.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion, and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, April 13, 1926.

Victor Vance,

c/o D. V. Archibald,

Notary Public,

Mackay, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 15668.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On April 24, 1926, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Mackay before D. V. Archibald, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

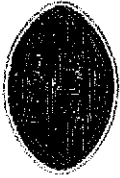

Yours truly.

W. G. SWENSON,

Commissioner of Reclamation.

Dear Sir:-

Referring to your letter of the 15th inst. would say that the enclosed blanks should be filled out and returned to this office, the date for making proof being set far enough ahead to allow for the required five publications of notice. Deposition blanks, one for the holder and one each for two witnesses will then be mailed to the notary public, or other officer, before whom proof is to be made.

Referring to your letter of the 11th inst. would say that proof of completion of work was made under the above permit May 22, 1925, and certificate issued for 0.6 second feet of water. In accordance with the information given in the depositions of the holder and witnesses. No examination is required for proof of completion of work where the amount of water claimed does not exceed 6.4 second feet. This permit, as you may remember, lapsed through failure of the holder to make the proof of completion within the time required in the permit and the right was reinstated upon the showing made in the proof when offered that the work was fully completed within the time required.

Proof of beneficial use of water was due December 27, 1927. When this proof is made, an examination will be required.

MACKAY, IDAHO

March 11, 1926.

Mr. Geo. N. Carter,
Deputy Comm. of Reclamation,
Boise, Idaho

Dear Carter,-

Several years ago, Fred McCullah filed on 160 inches of the flow of Grant Creek, a tributary of Big Lost River, for the irrigation of land in Secs. 20 and 29, T 8 N, R 21 E. This filing was later transferred to Victor Vance, of Mackay, Idaho who is now desirous of offering proof of the completion of works, so that license can be issued, and who has asked me to write you about the matter. The ditches etc in question were all completed in 1924 according to my personal knowledge, and as I am quite familiar with the matter on account of past squabbles over water on that stream, I could make a report to you on the completion of works, if it would save your office the cost of making an examination. Mr. Vance has not previously made offer of proof of completion because he filed on the land under the "Desert Act, and his filing was not finally inspected and approved by the Land Office until recently.

Very truly yours,

Lynn Crandall

Re: Permit No. 15668

Mr. Victor Vance
Mackay, Idaho

Dear Sir:

The assignment of the above numbered permit is herewith returned to you, the same having been placed on record in this office. Please remit 50¢ recording fee.

Relative to proof of completion of works, would say that in view of the fact that this proof was due December 27, 1924, the permit has lapsed upon our records. However, if the works were completed by that date the right may be reinstated by filing depositions of yourself and two witnesses, showing such to be the case. The first step in this procedure is notice of cancellation from this office which you will find enclosed, together with notice of appearance and deposition blanks. When the depositions are submitted to this office the statutory fee of \$5.00 should accompany the proof.

Our files show that notice that such proof was due December 27, 1924, was mailed to Mr. E. Fred McCullah on September 15, 1924.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. E. Fred McGullah,
Chilly, Idaho.

Boise, Idaho,
September 15, 1924.

Dear Sir:—

Under the terms of your permit No. 15668.....you are required to complete your diversion works on or before ^{Dec. 27, 1924.}..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
