Date of first receipt at office of State Engineer 9.00 a.m. March 10, 1915.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 11080

Recorded in Book 37 Page 11080 Approved April 2, 1915.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before June 1, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 2, 1915.

The whole of said work to be completed on or before April 2, 1916.

Beneficial use of water appropriated in accordance herewith, to be made on or before April 2, 1917.

Witness my hand this 2nd day of April, 1915.

J. H. Smith,
State Engineer.

Remarks:

The springs are on unsurveyed Government land and are not claimed by either state or private parties. Other sections on the south are surveyed. Applicant proposes to develop the water flow from the springs and conduct it to his residence.

Proof of Completion of works made March 22nd, 1916.

Certificate of Completion of Works issued April 6th, 1916.

Permit No. 11080.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It may Concern:-

This is to certify that Ross Babcock of Moore, County of Blaine, and State of Idaho, the holder of Permit No. 11080, issued upon Application No 16183, bearing date of priority of March 10th, 1915 authorizing the diversion of 5/10 of 1 second-foot of the waters of springs in Waterman Canyon, County of Blaine, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of works of diversion set out and described in said Permit; that said works are adequate for the diverting and conveying to the place of intended use 5/10 of 1 second-foot of the waters of springs in Waterman Canyon; that the point of diversion of said waters will be, when surveyed, on the E $\frac{1}{2}$ of the NW $\frac{1}{4}$ Sec. 28, T. 4 N., R. 25 E.B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit; 25 acres of the S $\frac{1}{2}$ of the SE $\frac{1}{4}$ of Sec. 21, T. 4 N., R. 25 E.B.M.

Witness my hand this 6th day of April, A.D. 1916.

J.H. SMITH,

State Engineer of the State of Idaho.

Sept. 8, 1920.

REPORT OF ENGINEER

This proof is for Beneficial Use

In Water District No. 27-B

1. State name of applicant and number of permit: Ross Babcock- Permit 11080

2. State source of water supply: Springs in Waterman Canyon

3. Location of point of diversion: NE $\frac{1}{4}$ Sec. 28, T. 4 N., R. 25 E., B.M.

4. Describe works as they exist, giving dimensions and capacities of same:

No dam or H.G.

Ditch 1' B.O.S.D. Cap, 1 sec. Ft.

5. State whether or not water has been turned into works of diversion: Yes.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 21, T. 4 N., R. 25 E., B.M.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? One.

9. Give names and amount of each right: Ross Babcock

10. What large stream would the water here appropriated finally reach? Lost River.

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: Thru drains to Lost River.

Remarks: 25 A. in cultivation.

This examination was made on the 1st day of May 19 20.

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Re: Permit 11080 - Ross Babcock.

Mr. J. D. Martin,
Moore, Idaho.

Dear Sir:

With reference to your letter of the 27th instant, relative to proof under the above numbered permit, would state that, as soon as weather conditions will permit in the spring, we will have a man in the field making examinations on proofs pending, and an examination will be made at that time for proof of beneficial use of water under the above numbered permit. The decision upon the proof will then be based upon the new report filed. No further action will be taken in regard to this proof until this report has been received.

Yours very truly,

W. G. SWENDBERG,

Commissioner of
Reclamation,

By

B/B.

11080

Moore, Idaho, Dec. 27th /19

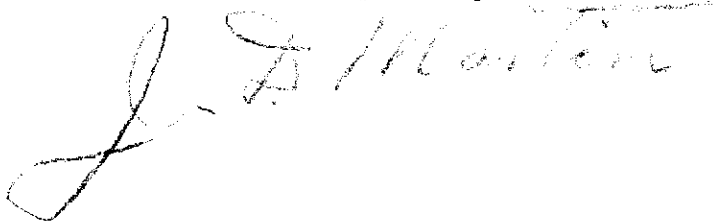

Hon. W. G. Swendsen
Commissioner of Reclamation
Boise, Idaho

Dear Sir:-

I have seen Mr Ross Babcock in the matter of Permit No 11080. For your reference I return your letter of the 15th Inst. It seems evident that a wild mistake has been made. This young man was in France, in the military service, in May 1918 when this examination is supposed to have been made and had raised crops upon his dry farm during the years 1916 and 1917. I am, myself, inclined to think that the engineer must have visited the wrong locality entirely. He has appropriated the water from the springs for domestic use mainly, the use for irrigation being of course limited. He, Mr Babcock, states that he has ditches constructed and water used at his home and also in the irrigation of a garden. He also states that since his return from the army he has improved his works and now has over fifty acres of dry farm land seeded in fall wheat.

He is desirous of having this matter corrected either by another examination in the spring, after the snow leaves, or by the making of another proof as you may suggest

Yours Very Truly

11680

December 15, 1919.

Re: Permit 11080 - Ross Babcock.

J. D. Martin,
Moore, Idaho.

Dear Sir:

Replying to your letter of the 11th instant, would state that depositions in the matter of the proof relative to use of water, under the above numbered permit, were received here April 6, 1917. In May 1918, an engineer from this office made the required examination for this proof and reported filed as follows:

"There are no existing works. There is no land under cultivation. There has never been anything done with this permit, in fact there is no water in these springs during the irrigation season."

You will see from this report that the proof made could not be accepted, hence no license has ever been issued. If the holder has since developed the springs and made use of the water he may re-advertise, make another proof and we will have another examination made and license will be issued upon the showing made in the new proof.

Yours very truly,

W. C. SWENDBSEN,

Commissioner of Reclamation.

By

B/B.

COUNTY OF BUTTE

OFFICE OF RECORDER

MOORE, IDAHO

Moore,

Dec. 11th /19

Hon. W. G. Swendsen

Commissioner of Reclamation

Boise, Idaho

Dear Sir:-

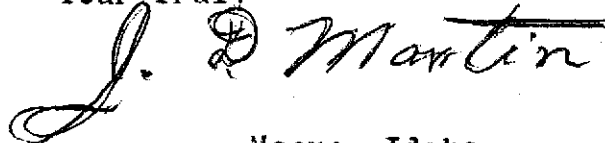

I desire information in regard to the Water Permit of Ross Babcock- Permit No. 11080.

This young man made proof of both "Completion of Works" and also the "Beneficial use" prior to his enlistment in the service. He has since served about a year and a half in the army in France.

Upon returning, he has gone to work upon his "Dry Farm" but has never received his License and has ~~no~~ ^{no} information as to the status of his water appropriation beyond what is contained in the letter which

I enclose herewith

Your Truly

Moore, Idaho

NOTICE FOR PUBLICATION Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 2nd day of April, 1917, at Moore, County of Blaine, State of Idaho, before J. D. Martin, proof will be submitted of the application to beneficial use of five-tenths (5-10) of 1 cubic foot per second of the waters of springs in Waterman Canyon, in accordance with the terms and conditions of Permit No. 11080, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Ross Babcock, Moore, Idaho.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is five-tenths of one cubic foot per second.

4. The place where said water is used S $\frac{1}{2}$ of SE $\frac{1}{4}$, Section 21, T. 4 N., R. 25 E., B. M.

5. The right to take water from such works is based upon Permit No. 11080.

6. The source of supply from which such water is diverted is Springs in Waterman Canyon.

7. The date of the priority which said user is prepared to establish is March 10, 1915.

J. H. SMITH,
State Engineer.

PERMIT NO. 11080

ms
200**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ross Babcock - age 23 - farmer, Moore, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 11080, April 2d 1915, March 10th 1915

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Springs in Waterman Canyon in the E $\frac{1}{4}$ N W $\frac{1}{4}$ Sec. 28 in
T. 4 N R 25 E B M

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. A ditch to each of five different springs in the Waterman
Canyon and one main ditch to convey same to land and
residence. Name the Babcock Ditch. Ditch capable of carrying
a cubic foot of water

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water has been used for domestic purposes at residence and
for irrigation - both on the S W $\frac{1}{4}$ S E $\frac{1}{4}$ Section 21 T. 4 N R 25
E B M. A garden and some crop on same sub-division,
A home and residence made

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 5/10 cubic foot amount claimed

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

11080

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the season of 1916, water was used for domestic purposes
and for the irrigation of a garden and pasture land to the extent
of about the amount that could be obtained

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. _____

(Sign) Ross Blaine

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Moore, County of Blaine State of Idaho, on this 2d. day of April A. D. 1917.

11080

Permit No. 11080

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Claude Earl - 23 - Farmer, Moore, Idaho

Ques. 2. Are you acquainted with Ross Babcock, the holder of Permit No. 11080? How long have you known him and where does he reside?

Ans. Yes. Have known him three years - Moore, Idaho

Ques. 3. Have you read or heard read said Permit No. 11080, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Springs in the Waterman Canyon which are located at different points in the E $\frac{1}{2}$ N W $\frac{1}{2}$ Sec. 28 in T 4 N R 25 E B M. Water conveyed by ditch to each of five different springs and a main ditch to place of use.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditch can carry 50 inches. Have seen about 15 so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. It is used for domestic purposes and for irrigation on the S W $\frac{1}{4}$ S E $\frac{1}{2}$ Sec. 28 T 4 N R 25 E B M. Land is cultivated and pasture land. A residence and home has been made there.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is sage-brush and requires an inch per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have seen the works and the water conducted and used in the cultivation of a garden and irrigation of pasture land during the summer of the year 1916

(Sign) Claude Earl

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Moore, County of Blaine, State of Idaho, on this 2d day of April A. D. 1917.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

Ross Babcock,
c/o J. D. Martin,
Moore, Idaho.

BOISE, IDAHO, **March 23, 1917.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. 11080.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On ~~April 2nd~~, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Moore, before J.D. Martin,**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J.H. SMITH,

State Engineer.

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of Blaine } ss.Ross Babcock, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 11080 and that his postoffice address is Mona State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Springs in Waterman Canyon

Third: That the point of diversion of said water is if surveyed, on the

E 1/2 N. W. 1/4 Sec. 28 T. 4 N. R. 25 E. B. M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Apr. 2d. 1916

Fifth: That the use for which said water is intended is Irrigation & Domestic

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Ditch & excavation on Springs

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam _____ feet, length of dam at top _____ feet, length of dam at bottom _____ feet. Material used in construction _____

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit ditch width at bottom 2/3 feet, width at water line 1 feet, depth of water 1/2 feet; diameter of pipe _____ inches; average grade per mile is 20 feet. Length of conduit is 3/4 miles.

Seventh: That said works are capable of conducting to the place of intended use _____

57 second feet of water.

Eighth: That water appropriated under said permit is available for _____ acres of land described as follows:

S. 1/2 S. E. 1/4 Sec. 21 T. 4 N. R. 25 E. B. M.

Ninth. Remarks: That _____

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Ross Babcock,
Moore, Idaho

Boise, Idaho,

Dear Sir:

Jan 13, 1916.

Under the terms of your permit No. **11080**, you are required to complete your diversion works on or before **April 2, 1916**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
J.H. Smith

State Engineer.
