Subject: Brandt water right transfer application
Importance: High

Lori –

Please consider this email as a formal request to expedite transfers of two portions of water right 63-11199 submitted on behalf of Lochsa Falls, LLC (Lochsa) and Elroy and Leroy Brandt (Brandt). The Lochsa transfer is currently being advertised, and we understand that the Brandt transfer cannot be advertised until the Lochsa transfer is approved. The Brandt transfer is a simple change in point of diversion for the portion of the 63-11199 place of use that is not involved in the Lochsa project. We need to construct new wells to divert these water rights prior to the 2005 irrigation season, and would appreciate any help that the Department can provide to expedite processing so that well drilling can be completed in time.

Thank you for your help Lori!
