Dear Sirs:

Enclosed are two APPLICATIONS FOR TRANSFER OF WATER RIGHTS, one for Wood Canyon Spring #3, license number 17-07141, and one for Sheep Creek Spring, license numbers 17-2101 and 17-4029. Both applications represent additional troughs and pipelines being added to existing systems, but license 17-4029 has some supplementary changes brought about by error in the original application. It was found that not all the points of use were included in the original application, and that some descriptions of points of use were inaccurate. Corrections have been made based on a project map showing all the troughs and pipelines.

Please contact Jayne Chipman, Range Technician, at (208) 478-6340 if there are any questions.

Sincerely,

Matthew Rendace
Supervisory Natural Resource Specialist
