Subject: State Water Bank Application – Shawn Mikelson

Dear Cynthia:

On behalf of Shawn Mikelson, I am pleased to submit the enclosed water bank application seeking 20 acre feet of groundwater for use in a truck washout facility. The lease period would be from April 1, 2004 through October 15, 2005. Water will be diverted from an existing well that is also used by water rights 63-31635 and 63-31636.

Mr. Mikelson is currently seeking permanent water rights for this use. We anticipate filing an application for water right transfer when an appropriate water right can be located.

I have enclosed a copy of his conditional use permit for the facility, and recent correspondence from Canyon County Development Services agreeing to use of rented water as an interim source of water right for the truck washout facility.

We understand that the rental fee is \$10.50 per acre foot. Therefore, the fee for 20 acre feet will be \$210. A check for this amount is enclosed.

Please contact me with any questions. We look forward to your approval of this application.

Sincerely,

Terry M. Scanlan, P.E., P.G.

Cc: Shawn Mikelson
