RE: Transfer 71076

Dear Mr. Young:

At the pre-hearing conference held today in Idaho Falls, Idaho, the attorneys for the applicant and the protestant agreed that 9:00 a.m. September 16, 2004 should be the target date for the department to hear the protests filed against the proposed change in the point of diversion, nature of use, period use and place of use of water right 22-7641.

At this conference I advised each party that they will have the next two weeks exchange documents. Between today and August 16, 2004 protestant Michael L. Reid will provide John M. Marshall all the information he plans to rely upon at the hearing to support his contention that the proposed change will injure his water right in Paradise Springs. During that two-week period JRG Partners will provide Michael L. Reid any additional supporting evidence they have that will support their contention that the change will not adversely affect any other water user(s). Between August 16, 2004 and the end of that month each party will have the opportunity to respond the opposing party's documents.

The hearing in this matter will be limited to evidence and testimony related to the impacts of the changes the applicant is proposing to make to water right 22-7641. Copies of all documents exchanged by the parties will also be provided to the department before the 31st of August. The Department will send out a notice of the hearing no less than ten (10) days prior to the hearing. If a hearing officer is not available to hear this matter on September 16, 2004 the date reserved for hearing this matter may have to be changed.

Very truly yours,

Ronald D. Carlson
Eastern Regional Manager
