RE: Application for Transfer #71522

Dear Applicant:

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your application to allow you to complete the necessary items. The required information is described below.

The Fee was not provided. (\$100.00)

When I entered the legal description you provided of the parcel, I noticed that it came out slightly different than when we data entered the information for the transfer the other day. Namely, the NESE should be 1 acre (we originally had 2) and the NWSE should be 2.1 acres (we originally had 1.1). I made the corrections on the enclosed *Amended* pages 8 and 9. If you agree with the changes, please sign both pages (you and your wife) and return them with the entire application and filing fee.

Please feel free to contact this office if you have any questions.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
