RE: App For Transfer 71435

Dear Sirs;

Enclosed is a copy of the above-referenced application for your information. If the application is approved, you will own Right 36-16236 for 0.90 cfs on 42.5 acres. While your right is not specifically described in the application, your land is outlined in blue on the accompanying map. The application was prepared in consultation with Dennis Boguslawski representing the Clear Lakes Country Club, and is based on his description of who owns what down there. We used a 1992 map due to rectification problems with our ArcView base maps from 1986/87. Your portion of the property has not been reduced due to home and road construction that may have happened late.

I just started reviewing this application prior to advertising, and wanted to give you an opportunity to comment before proceeding. If you have questions or comments, please contact this office by October 8. I will be out of the office from September 20 to October 1, but you can leave a phone message or you can talk to Allen Merritt; the file will be on my desk.

Regards,

James E. Stanton
Sr. Water Resource Agent
