NOTICE OF PROPOSED CHANGE
TO WATER RIGHTS**

Notice is hereby given that two Applications for Transfer have been filed with the Idaho Department of Water Resources for changes to water rights within Cassia County: **A.D. & ANN NYE**, 2201 E 1625 S #2008; MALTA ID 83342 filed **Application No. 71277** on 8/23/2004. This application proposes to add a third well to the two existing wells in order to get the pumping capacity back up to what is allowed under this water right. Due to sand problems, the existing wells are pumping much less than what is allowed. The new well will be drilled a little south of the east well in the system for ease in co-mingling with Cassia Creek water also appurtenant to this farm. The new well will be located 1 3/8 miles south and 1/4 mile east of the Hwy. 77/81 interchange at Malta. **HOWARD R. ADAMS & SONS INC.**, 496 W 1000 S; BURLEY ID 83318 filed **Application No. 71087** on 3/15/04. Transfer proposes to drill a new well to replace an existing well in a system of 8 interconnected wells used to irrigate a 1,508 acre farm located approximately 9-10 miles south and 5-7 1/2 miles west of Burley, Idaho. The new well is proposed to be drilled approximately 8 1/2 miles south and 5 miles west of Burley. For specific details regarding the application(s), please contact IDWR Southern Regional Office at 208-736-3033 or visit www.idwr.state.id.us with detail provided under "New Water Right Applications". Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 with a protest fee of \$25.00 for each application on or before November 1, 2004.
