65-7461

1. kwalker 2/10/2004 Place of Use

Comment: The place of use has been adjusted to resolve SRBA objections to the recommendation. The place of use has been GISd utilizing shape file Ron Howerton created when he was reviewing claims for this area. Lands in Lots 2 and 3, S27 (5 acres) were licensed on property not owned by right holders so 4 of those acres have been removed and 1 of them moved to NENW, S27 as shown on SRBA recommendation for 65-11261. Also note that adjustments were made to lands in NW, S20, which removed 11 acre field on east side of NW and added 7 acres in SENW. See GIS shapes as now shown printed out in file. Amended license results in 7 less acres than originally licensed which is part of agreement made for settlement.

Amended License 65-7461
