RE: App for Transfer 69741

Dear Mr. Neddo;

I have tried unsuccessfully to contact you by telephone regarding this application, so I am writing to you directly. My question concerns your west well. I visited the property recently, and the well is definitely north of your fenceline. The SRBA recommendation on Rt. 43-2300A show the well to be in the south half of the 40, but it appears that you only own the north half of that 40; the point-of-diversion description therefore appears to be incorrect. If the recommendation is in error, the transfer can correct this. Please contact me at your earliest convenience on this matter, as I cannot complete my initial review of the transfer until this issue is resolved.

Regards,

James E. Stanton
Sr. Water Resource Agent
