RE: Possible wrong legal description for Water Right License Number 98-02033

Dear Mr. Woodward:

We are writing in regard to the above Water Right license. We understand from your phone message that there is only one point of diversion for both of the filings. And they are both located within T.62N., R.1W., Sec. 23, NW1/4 SW1/4.

It appears that the legal description for Water Right License Number 98-02033 is in error.

To correct the legal description on Water Right License Number 98-02033, the city will need to file an Application For Transfer. Please find the enclosed form and instructions.

If you have any questions, please feel free to contact me at this office.

Sincerely,

Allen Beardslee
Sr. Water Resource Agent
