Re: Application for Permit

Dear Mr. and Mrs. Rose,

Preliminary review of your Application for Permit shows some ambiguity in the location of the irrigated acres. In order to continue processing your application, we require the following:

1. Use the enclosed maps to show the locations that would be irrigated using the new Application for Permit. The areas shown in blue look fine. We are not sure about areas shown in red. Please mark up and return.
2. Sign the revised application. Upon return of the map we will fill in the acres by quarter section for you.

If you have any questions, please feel free to call Dennis Dunn or me at (208) 525-7161.

Sincerely,

W. Roger Warner

Water Right Supervisor – Eastern Region

Enclosures: Revised Application for your signature.
Copy of CRP map.
Black and white aerial photo circa 1992 for reference.
