36-14394	NO	NO	YES	NO	NO	NO

Describe the reason for the proposed changes

We have added a small pivot to the SE/NW Sec, 32, so the additional 14 acres not covered by the existing water rights needs to be added to the existing place of use. We will leave out 14 acres of the farm each year to stay within the allowable annual acreage. The place of use as decreed did not reflect our historic irrigation practices, so this needs to be modified also. We have historically irrigated 604 acres as allowed by the decrees.

4. FOR CHANGES IN NATURE OF USE ONLY

A. Describe the expected quantity of the return flows and location of discharge after the proposed change

B. Describe the effects on other water uses resulting from the proposed change
