Norm Young

Dear Norm,

A meeting will be held on February 14, 2000 with the Gooding County Commissioners concerning Hillcrest Dairy. The last meeting was postponed by the Commissioners. According to my attorney, Robert Williams, the meeting will discuss berms at the dairy along with getting the dairy in line with Gooding County zoning. I will be attending the meeting. I am asking for another extension from Water Resources so that this matter can be resolved.

Thank you very much,

Susan E. Gunning
