Subject: Transfer 71015, Well 13B

David,
I believe that we are on the cusp of being able to advertise this transfer. However, in processing the transfer with Boise, they have indicated that the fees charged for this transfer are insufficient. I can explain.

When we initiated the transfer, I attempted to charge a fee that was commensurate with what would be added to the system based upon previous administrative memoranda. I believe that it was a good attempt to save the city some money but apparently was unsuccessful. Since the transfer to add the new well has involved three different water rights totalling 56.34 cfs, the transfer will necessarily be required to advertise statewide.

The total fee required for the transfer is \$1,730. My records show that the City has already paid \$490. Prior to advertising the transfer, we require the City to pay the difference of \$1240.

I apologize for any inconvenience that this may cause you. Feel free to contact me or my secretary Sharla Cox. Look forward to hearing from you shortly.

W. Roger Warner
