RE: Well 13-B, Water Right Transfer #71015

Dear Roger:

I recently received your email dated August 6 regarding the approval of the City's Application for Transfer of Water Right for our proposed Well 13-B. If I understand the content of your email correctly, the IDWR believes that the City owes more money than the \$490.00 submitted with the *Application for Transfer of Water Right* for this well. While I understand how the state determines the total amount of \$1,730.00 for this transfer, I respectfully disagree with the ideology behind the fee. I plan to send future correspondence requesting additional clarification about application fees. However, to avoid delay and expedite the approval process, the City has attached a check in the amount of \$1,240.00 as indicated in your email.

Sincerely,

A handwritten signature in cursive script, appearing to read "David P. Richards".
