Bureau of Reclamation
1150 N Curtis Rd Suite 100
Boise, Idaho 83706-1234

Attention: Jerrold Gregg

Mr. Gregg:

I have received your most recent application for water right permit involving 201,000 acre feet of storage in Palisades Reservoir.

As you may be aware, there is a Moratorium in place on new applications for consumptive use. However your letter implies this water has been historically used prior to 1987 and possibly prior to 1971 for the purposes stated on the application.

I would not be able to process this application fully until the Bureau provides evidence of this pre-1987 use. Also I would need a more specific land list for the places of use and specific re-diversion points on the river where the water will be taken out.

An outline map of the places of use and re-diversion points should be submitted to clarify these issues.

If you have any questions please give me a call at 525-7161.

Sincerely,

A handwritten signature in black ink, appearing to read 'H. W. Jones'.

Harold W. Jones
Water Resource Supervisor
